Temperance Mass Meeting will be held in the Locust Grove of Col. J. W. Clark ; just back of town, on to-morrow afternoon at 1 1-2 o'clock. The speakers are Prof. Gaddis, of Cincinnati. one of the ablest champions of the cause | Fisher. in this country; James Black and G. W. McElroy, Esqrs., of Lancaster; comfortable seats have been made to accommodate the large audience that is expected will assemble. Prof. G. we have understood has delivered one hundred and seven speeches in the last ninety days, and his engagements are such that he can remain here but a few hours; he is to speak in Mount Joy in the evening. If the weather should be unfavorable, the meeting will be held in the Methodist Church at the same hour.

We are Democracy, which was voted down by a pleased also to see unerring indications vote of 27 to 10, whereupon Dr. Parker, James H. Barnes, city, and J. H. Hull, Earl, sheded from the Committee. A resolution was then adopted by a vote projector and proprietor, but by the enof 31 to 2, endorsing the action of the State Central Committee at Cresson .-The Committee also resolved it to be inexpedient to settle a county ticket this fall—thus leaving the field open to independent candidates, or an independent Union ticket, which it is said will be placed in the field before long.

The Committee also adopted a resolu tion highly commending Gen. Foster; one recommending the formation of Borough and Township Clubs; and one authorizing the Chairman to call a Mass delighted, but really astonished. The Meeting at such time as will suit the programme gives nothing like an adeconvenience of Gen. Foster to attend and address the same. The committee exhibition. There was quite a Bell, and Everett demonstration in Lancaster on Tuesday night last. A special train came to down. The Lancaster Express says there were over one hundred lantern torches carried in the procession, made | sky obscures the light of the light house, in the form of a Bell, some of them va- and the angry ocean is seen to subside riegated with colors of red, white and as naturally as we have seen it at Cape blue, which presented a really handsome or Long Island, appearance. There were also a number of transparences, with various inscriptions, and several larger bell-lanterns.-A large bell and some smaller ones were kept constantly ringing, and altogether the parade was a creditable affair.

The editor of the Lancaster Church Advocate, who has been on a visit to Oumberland county, speaking of the Rev. John Winebrenner, says: We visited Elder Winebrenner both on our way to and from Newville last week, and found him sinking rapidly, and our judgment is, that his work on earth is done and his end near at hand. We found him, however, firm in faith, and joyful in the hope and consolations of the Gospel.

Our friends at Maytown intend forming a "Lincoln Club" in that village on Wednesday evening, at 74 o'clock, under the spur of his vallient rider. the cause, to turn out.

We learn that Peter M. Haldeman, formerly of Washington, in this county, died in Jamestown, California, sometime during the month of June. Poor Peter. no better man ever lived. Every body knew him here as "big Pete" and it was always said that he had a big heart and a big soul. His lot was a chequered one.

A grand Temperance Mass Meeting will be held at Mountville, below Columbia to-day, which will be addressed. by Rev. Mr. Gaddis, James Black, Esq., Dr. Orr, G. W. McElroy and the precautions to exclude all improper others.

THIODON'S MUSEUM OF ART: On the authority of several gentlemen who had witnessed the exhibition of this unrivalled work of art in other cities, we promised that the citizens of Lancaster would see something far superior to anything been presented in this city. It is gratipective praise, we did not exaggerate. What was seen at Fulton Hall last evening, and will be seen every evening next that so fine a work of art, one in which so much time, labor and money have been invested, not only by the ingenious terprising lessees of this city, will meet with that substantial appreciation from our citizens which will justify them in continuing its exhibition here for some

time.

The opening last night may be written a complete success. The audience was large and embraced a large number of those who can appreciate the mechanic arts in their highest development; and yet we did not meet with any one in the audience who was not only pleased and quate idea of the various scenes in the Gibraltar, with its harbor covered with shipping, the sails spread, and the vessels moving gracefully through the unthe Bell & Everett wing have a call for dulating ocean, a war steamer heroically breasting the waves, her side-wheels Perry House, in this borough, this even- plashing through the water, the smoke ing. This evening there will be another on the south side of the Hall, when the audience will have greater facility for entrance and exit. The arrangement for ventilation will also be improved, and several other comforts for the audience attended to. We are pleased to notice that the lassees have taken characters from the Hall, and if any should elude the vigilance of the doorkeeper they will be promptly ejected .-Lancaster Express, August 22d.

POR Statesmen, Judges, Clergyman, Ladies and Gentlemen, in all parts of the world testify to the efficacy of PROF. WOOD'S HAIR RESTORATIVE, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

possible for you to doubt.

Gentlemen: Your note of the 15th instant, has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it. I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn; and inclined to curl. Some five or six years since it began to turn grey; and the scalp on the crown of my head to lose its sensibility and dandruff to form upons it. Each of these disagrecabilities increased with time; and about four months since a 4th was added to them; by the hair faffing off the top of my head and threatening baldness.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that grey hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off streated, but the color was restored to the gray hairs and sensibility to the scalp and dandruff cassed to form on my head; very much to the graification of my wife, at whose solicitation I was induced to try it.

For this, among many obligations I owe to her sex, I strongly recommend all husbarids who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald. Very respectfully; To O. J. Wood. Sca. Berl. A. Lavender.

Your Hair Restorative? has done my hair so much good since I commenced the use of it, that wish to make known to the public of its effects on the hair, which are great.
