We were shown on Friday of fast week some very fine, large and ripe "Isabella" and " Early Blue" grapes grown in the garden of Mr. John Deppler of this borough; also, three monster tomatoes from Mr. John Fulks' garden, said to weigh over a pound a piece. Who can beat that?

The Only Discovery worthy of any confidence for Restoring the Batd and Gray.

Many, since the great discovery of Prof: Wood, have attempted not only to imitate his wood, have attempted not only to finitate us. restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following: the following .—
Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co.:—The letter I wrote

you'in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein con-tained; third, does my hair still continue to be in good order and of natural color? To all I in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty; and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whickers the same result will fallow as the wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surlegislative ticket. The programme has for some months, and yet my hair is as good as not been sufficiently matured for us to take any special notice of it, and therefore, we shall merely remark that the whole affair will prove a grand farce in which the principal actors will be exposed to the ridicule and contempt of their fellow-citizens. When the tickets is fairly brought before the public, we shall take great pleasure in ventilating it.

Don't forget the moeting of the "Lincoln Club" at the Town Hall this evening. A rangements are to be perfected for the "Ullman Demonstration."

Let every friend of protection be on the ground. Let nothing be left undone to give Mr. Ullman a fitting reception, which he will amply repay in a speech for some months, and yet my hair is as good as ever, and hundreds have examined it with sur-

the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, dor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recom-mend this invaluable remedy to all who may
