THE GREAT MASS MEETING: The grand republican rally at Lancaster on Wednesday last may truly be said to have been a revival of the spirit of "Tippecanoe and Tyler too" of '40. The crowd has been variously estimated at from 15 to, 20,000. The procession headed by Chief Marshal, Col. D. W. Patterson, proceeded through the principal streets to the grounds of the Locomotive works, where several stands had been erected. After a little delay, the following officers were announced:

President-Hon. Thaddeus Stevens. Vice Presidents-Hon. John Strohm, Hon. Jos. Konigmacher, David Waldee, Esq., Col. Jas. Myers, Joseph Clinton, H. H. Kurtz, John Neihouser, Dr. J. B. Secretaries-Henry W. Hager, Lancaster; H. H. Eberly, M. M. Strickler, James Mehaffey, Jac. E. Cassel, of Lancaster-co.

Mr. Stevens, on taking the chair made a few remarks and then introduced Hon. Andrew G. Curtin, who complained of being "worn out" and after a short speech gave way to what Mr. Stevens called the "Homestead Bill," Hon. G. A. Grow, who was followed by Hon. David Wilmot. At this time speeches were being listened too. at two other stands from Hon .. A. H. Reeder, ex-Governor of Kansas, Morton McMichael, Lemueal of American agricultural publications. Reese, Joseph Casey, &c.

The torchlight procession in the evening is admitted on all sides to have been the grandest sight ever witnessed in the once "only Democratic city." Carl Shurz, during the marching of the procession in the evening, addressed the Germans in Fulton Hall—the hall being nearly filled with Germans. Trains were leaving the new depot almost every halfhour from after dark until midnight with returning delegations,

Professor Kinkel became obnoxious to the Prussian government, and was imprisoned as a common felon, in the Spandau prison, near Berlin. Schurz determined to release him, and, with forged passports, proceeded to Berlin. Six weeks were occupied in the vicinity of Spandua, and at last, having bribed the jailor, Schurz succeeded in carrying off Kinkel. They hastened to the sea-shore, and embarked for England.

In 1851 Mr. Schurz came to this country, and took up his abode in Philadelphia. He was, at that time, almost ignorant of the English language. The necessity of learning our language became at once obvious, and the German exile set to work reading nothing but English. To his constant perusal of the daily papers, Mr. Schurz attributes much of his success in learning our language. He now speaks it with perfect fluency, correctness of pronunciation, and a familiarity with phraseology. With the exception of Ruffini, the Italian writer, and Kossuth, no foreigner has more completely mastered the English.

After remaining in Philadelphia three or four years, Mr. Schurz removed to Wisconsin, and commenced the practice of the law at Milwankee. His residence is, however,at Watertown, some distance in the interior of the State. «It is only two or three years since Mr. Schurz made his first political speech in English, in one of the Western towns. He was successful, and since that time has spoken frequently, in all parts of the country. His speech delivered at the Cooper Institute was written on a Lake Erie steamboat, during a day's detention at Detroit by a storm.

PROF. O. J. WOOD & Co.:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than irrany stage of my life for 40 years past, more soft, thrify, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is colored; the same is true of my whishers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it, with surprise, as I am now 61 years old and not a gray prisc, as I am now 61 years old and not a gray prisc, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure cover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as hereofore, to keep you apprised of the continued effect on my hair, as I assure all who enquires of me of my unshaked opinion of its valuable results. I remain, dear sir, yours,

Prof. O. J. Wood: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to who-ever may read this, that I now possess a new and beautiful growth of hair, which I pro-nounce richer and handsomer than the original, was. I will therefore take occasion to recommend this invaluable remedy to all who may
