Marietta, Pa.

SATURDAY, SEPTEMBER 29, 1860.

- FOR PRESIDENT, ABRAHAM LINCOLN, of Illinois. FOR VICE PRESIDENT, HANDBAL HAMLIN, of Maine. FOR GOVERNOR, ANDREW G. CURTIN, of Centre County. COUNTY TICKET. FOR CONGRESS, THADDEUS STEVENS, City. FOR STATE SENATOR, WILLIAM HAMILTON, Paradise. JOHN A. HESTAND, City. FOR THE LEGISLATURE, JOSEPH HOOD, Bart Township. MICHAEL OBER, West Donegal. JOHN M. STEELMAN, Penn. HENRY M. WHITE, City. For Sheriff, S. W. P. BOYD, Fulton. For Prothonotary, PETER MARTIN, Ephrata. For Register, GEORGE C. HAWTHORN, Manor. For Recorder, GEORGE WILCOX, Sadsbury. For Clerk of Quarter Sessions, HENRY MUSER, Strasburg. For Clerk of Orphans' Court, SAMUEL M. MYERS, Mount Joy. For County Commissioner, JOHN DORSEY, Manor. For Directors of the Poor, WILLIAM S. MARTIN, Coleraine. ABRAHAM H. METZGAR, Conestoga. ISRAEL ZANTMAN, Elizabeth. For Prison Inspectors, JACOB B. BRADY, Mountjoy Twp. PHILIP W. HOSKESKEPER, Drumore. For Coroner, DANIEL BALDREY, Elizabethtown. For Auditor, WILLIAM VON NEIDA, Brecknock.

COLONEL EVANS, of Baltimore, said to be connected with the Baltimore Patriot addressed a Republican meeting in New York, on Friday night. In the course of his speech he informed the audience that Mr. M^r. Tabish, the grandson of Chas. Carroll of Carrollton, who resides near Baltimore and owns more than sixty slaves, is a devoted advocate of the election of Lincoln. Col. Evans declared there were thousands of such in the south; many of them were deterred from expressing their opinions, but if Lincoln is elected, he said, "the waters will flow over the dam and we will be brothers again." As to the threatened attempt to resist the inauguration of Lincoln, in case of his election, Mr. Evans said all they asked "was that it should be left to the people of the South themselves, who would see that the President elect had his rights."

THE PRINCE'S CAR.—The car to be used by the Pennsylvania Railroad Company, in carrying Baron Renfrew and his suite from Cincinnati to Baltimore, via Crestline, Pittsburg, and Harrisburg, was sent westward, to meet the distinguished party for whose use it is intended. The car is arranged in compartments, with sitting-room, sleeping couches, dining-room, closets, &c., and at one end is an open verandah, which will accommodate a dozen persons with seats, affording a fine opportunity to view the road and surrounding country. It is said to be the most beautiful car on any of the roads in the States, and for this reason it has been tendered and accepted for the use of the Prince and his suite.

HORRIBLE MURDER.—A cool blooded murder was committed on Thursday, at Dennoville, N. J., which has thrown the whole place into an intense excitement. A man, known as old Abe Garrison, while under the influence of liquor, demanded some money of his wife, which she refusing, he seized an axe and knocked her brains out, killing her instantly. He then jumped upon her body, causing the entrails to protrude, and so disfiguring the poor woman that she could hardly be recognized by her friends. The inhuman wretch was arrested and locked up in the jail.

A PLEASANT INCIDENT.—An incident of a very pleasant character occurred in Greensburg, during the recent Republican Convention held in that borough.—After Col. Curtin had concluded his address, he was introduced by a friend to the accomplished wife and family of his opponent, General Foster, and tendered his respects, with an assurance of his personal esteem for the husband and father.—Harrisburg Telegraph.

A negro woman was executed a few days ago, at Frankfort, Ky., for an attempt to poison one Hiram Berry.—This is the only case of hanging that has occurred at Frankfort for a period of over twenty-five years, although murders, committed with impunity by "respectable" revolver-bearing citizens, are among the commonest things in that part of the country.

An old man, aged ninety-three years, living in Maryland, in one day during the late harvest, cut with a sickle thirteen and a half dozen sheaves of wheat, and bound and shocked them.—The last was the eighth harvest in which he had successfully labored, and he is still in possession of much mental as well as physical vigor.

So many conflicting reports have been received in regard to the fusion in New York, that we are at a loss what to believe. It is now reported, however, that an electoral ticket has been arranged which stands as follows:—Douglas men, 18; Bell and Everett, 10; and Breckinridge 7.

Two of the oldest and most respected citizens of Lebanon county, departed this life on Monday a week.—John Killinger, father of J. W. Killinger, member of Congress; and Wm. Lehman, for many years prominently identified with the management of the Union Canal.

The Philadelphia North American, an entirely reliable paper, states that friends of Gen. Foster have been in New York in portuning British iron masters and dealers for assistance, promising that if they can carry Pennsylvania, the Tariff shall not be changed.

The total amount of salaries to city officers paid yearly from the Philadelphia treasury is \$973,869.60. The police department alone costs \$370,000; school teachers' salaries, \$336,050.

There are fools everywhere.—Some dirty water left by the Prince of Wales in a basin in his apartments at Quebec, was bottled and sold for four shillings a vial, to some of his toadying admirers.

The Japanese steamer Candimurrah, June 25; from San Francisco. The commander gives a highly colored report of the brilliant manner in which they were entertained here.

Mr. Gowen, writing from Sebastopol, says that the graves of those who fell at the Crimean war occupy twelve square miles of Territory.

Twenty-three hundred barrels of oil were received at Erie, in August, from the Pennsylvania oil region.

CLIPPINGS FROM OUR EXCHANGES. Five editors in Michigan have been nominated for the Legislature this year. The number of acres of new lands introduced to market by proclamation of the President, during the past year, is 163 millions.

The Bureau of Napoleon I, recently advertised for sale, was sold, in Paris on the 18th, for 5,000f., to M. Bineau, a furniture dealer. Twelve thousand and twenty-one dollars were subscribed in Newport in aid of Garibaldi and his friends.

A South Carolina paper announces that "Mr. Douglas will visit the grave of his wife's mother," in that State.

The sale of photographs of Garibaldi is prohibited in Vienna.

The San Francisco papers state that Col. Fremont refuses to take any part in the Presidential canvass.

The wishes of Baron Renfrew as regards the privacy of his reception at Cambridge are to be implicitly regarded.

The students, however, will have an opportunity of personally paying their respects to the distinguished visitor, in one of the halls belonging to the corporation of the University.

Yancey and Caleb Cushing are to address the Breckinridge folks at Bangor, Me., on the 2d of October. They were not quite so near together, in politics, twenty years ago.

Gen. Lane is now on a visit to his brother, in Indiana. It is rumored that he will visit Georgia, on invitation, early in October.

George Law has recently purchased the villa of Mr. Cazet, on the hill adjacent to Stapleton, Staten Island, for fifty thousand dollars.

By the arrival of the steamer Francisco the report is furnished that Gen. Walker and Col. Radler have been shot by the Honduras Government. Walker's men were allowed to depart unmolested.

Mr. Hackett, the actor, has just purchased a small but beautiful residence on the heights of Yonkers, New York.

President Buchanan declines to be present at the ball to be given in New York, in honor of the Prince of Wales.

Three songs, two of them written by Acton Bell and one of them by Ellis Bell, the sisters of Charlotte Bronte, have been set to music in England, are highly praised by the London critics.

A couple of rare half-pennies have been sold in Hartford for \$16, a rare Vermont penny for \$650, and a United States penny of 1799 for \$9, and a very full cabinet of half-pennies, with a few colonial, for \$100.

Fisher's Island, in Long Island Sound, has recently been sold to a gentleman of New York, for the sum of \$50,000.—The Island is some six miles long, and is estimated to contain 5,000 acres.

Frank Hughes, of New Haven, Conn., only 12 years of age, has been sent to the poor-house, on application of his father, for being a common drunkard.

Henry Winter Davis, of Maryland, was written to by some of the managers of the Bell meeting in Easton, this State, and requested to favor them with a speech. His reply was the effect that he would be happy to make any number of speeches for them—but hereafter his speeches would favor the election of Lincoln!

Near Meda, Delaware county, on Saturday morning, an armed band of five ruffians went to the house of Mrs. Sarah Miller, and made a vain attempt to abduct a little colored servant girl. But she eluded them, and while they were struggling with the family, the girl got on horseback and aroused the neighbors, who pursued and captured the villains.

La Mountain, the aeronaut, during his recent ascension at Albany, was caught in a tornado when over East Lansboro, Mass., and in attempting to land was dashed against a stone wall. He was dragged until he came in contact with a tree, tearing the netting of his balloon. He was then carried forward to another tree, where his balloon was burst, and he knocked senseless. He was rescued by some farmers, and reached Lansingberg safely.

Orestes A. Brownson, the editor of a well known Quarterly Review, published in the interests of the Catholic Church, and who was heretofore a radical Democrat, has come out for the Republicans. He made a thorough going Republican speech at Elizabethport, N. J., on Thursday evening last. He not only recommended the policy of the party in regard to the freedom of the Territories, but he eulogized the honest backwoodsman of Illinois.

An aeronaut, Wells by name, succeeded in making an ascension at Richmond, Virginia, in a caloric balloon a few days ago. He ascended quite easily to a height of four hundred feet, and came down a little more rapidly than he went up, as soon as the heated air cooled and lost its ascensive power. He made a voyage of about half a mile. The ascension, it may be well to state, was made with the intent of drawing an audience for a Bell and Everett meeting.

THE STATE DEBT: The Commissioners of the Sinking Fund have made report to the Governor that they have redeemed, during the year ending Sep. 3rd, 1860, \$502,264 36 of the State Debt, and Governor Packer has issued his proclamation declaring so much of the debt "paid, cancelled, extinguished and finally discharged." Thus Pennsylvania goes on steadily in the work of reducing the burden of debt under which she has so long labored. Every year witnesses a reduction of the debt. The revenue of the State, from sources other than canal and railroad tolls, is abundant, and the rapid reduction of the debt makes it reasonable to expect, before a great while a decided reduction in the rate of State taxation.

A TALL TICKET.—The standard bearers of the Republican party are all large and fine looking men. Abraham Lincoln is six feet four inches in height. Hannibal Hamlin is six feet three inches in height. Andrew G. Curtin is six feet two inches in height. Making a total of eighteen feet nine inches of candidates of the People for President and Vice President, and Governor of Pennsylvania. If a taller ticket can be "scared up," trot it out.

EATING ON THE CARS.—One of the latest public conveniences is the establishment of sleeping cars on all the great railroads in the country. The smoking car has long been a recognized institution. Something beyond all this has just been commenced on the line of travel between Harrisburg and New York, via Reading, Allentown, and Easton. A restaurant car is attached to each thorough train, where travellers may procure things to eat and drink even more comfortably than they could at the stations along the road.

Gov. Brown (A. G. Brown,) of Mississippi has been speaking in Copiah county, in that State. He is reported to have ventured on a critique of the characters of the several presidential candidates, from which we learn that, in Gov. B's opinion, Mr. Douglas is the most intellectual man in the Senate, Mr. Lincoln "bold, fearless, and determined," with considerable ability; Mr. Bell wiser and honest than either; and Mr. Breckinridge, "a young man of great ability, but very modest."

The Barnstable (Mass.) Patriot states that a young man named Kleith, who was terribly maimed some time ago, by the premature discharge of a cannon, at Hyannis, has been enabled by means of artificial hands and forearms, to write, send messages as a telegraph operator, drive a horse and carriage, and perform many other acts requiring muscular agility and skill.

Rev. Dr. Abel McEwen, of the First Congregational Church of New London, Conn., of which he had been pastor for over fifty years, died in that city on the 7th inst., aged 80 years. He graduated at Yale in 1805, a classmate of John C. Calhoun, and took the valedictory away from him. He was a distinguished theologian, and one of the corporation of Yale College.

Mr. E. W. Carpenter, of Milwaukie, last week found a basket in one of the streets of that city, in which were seven thousand one hundred and ten dollars, in American eagles! A family of Germans, just arrived, proved to be the owners. It had been set down and forgotten, while something about their baggage required adjustment in the street.

A good Sewing Machine in a family is a treasure. Have you seen the machine called the "Eric"? If not, we advise some of our readers who may not have all the work they can attend to, to write to Mr. J. N. Boylan, at Milan, Ohio, and get the Company's confidential terms to agents.

Among those who rendered valuable assistance, along the beach of the lake, in recovering the bodies of the lost passengers of the Lady Elgin, was a noble Newfoundland dog, who utterly refused any reward in the shape of caresses from bystanders, snapping and snarling at them when they offered them.

In Troy, recently, a large rat incautiously put his foot into the mouth of an oyster. No sooner had he done so, however, than the oyster closed upon him, and held him so tightly that attention was attracted by the noise, and the unlucky vermin quickly dispatched.

Washington City contains 61,400 inhabitants, which is an increase since 1850 of 21,399. The whole of the District of Columbia contains a population of 75,365, against 51,687 in 1859. The number of slaves is 3231, against 3687 in 1850—a decrease of 456.

Gov. Banks will go to Chicago in a few days, to make arrangements for the removal of his family, and for the assumption of his new duties. His family will remove thither early this fall, and the Governor will join them at the close of his official duties.

A Huntington (Conn.) farmer, who visited Springfield last week, made a nearly fatal leap from the express train, at Huntington. One side of his body was completely undressed and skinned. He explained the matter by saying he "had cows to milk."

A Washington writer says that the accounts of Brigham Young, as Superintendent of Indian affairs at Utah, have undergone a searching investigation at Washington, and it is ascertained that he is a defaulter to a considerable amount. An agent has been sent to Utah to collect the money.

HOLLOWAY'S PILLS AND OINTMENT.—Success the attribute of merit. Erysipelas and cutaneous diseases. If popularity be the test of a medicine, Holloway's Pills and Ointment are assuredly the greatest remedies of this or any other age as they are unconfined to nations or people, being as familiar to the denizens of the backwoods as to the citizens of New York, London, Paris, Vienna, Berlin, St. Petersburg, &c. Their universality is however the least of their merit. Their safe and speedy cures of Erysipelas, Salt-Rheum, King's Evil, Scrofula and all skin diseases are their chief recommendation. Persons afflicted with any of the above disorders should have immediate recourse to them.

AGE AND DEBILITY.—As old age comes creeping on, it brings with it many attendant infirmities. Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy: in cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until Berber's Holland Bitters were known and used. In every case where they have been employed, they have invariably given strength and restored the appetite. They have become an agent for this alone, and are used by many people who are suffering from loss of appetite and general debility. In cases of long standing chronic diseases, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries. See advertisement in another column.

TO CONSUMPTIVES: The advertiser having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe Lung affection, and that dread disease, Consumption, is anxious to make known to his fellow sufferers the means of cure. To all who desire it he will send a copy of the prescription used, [free of charge] with directions for preparing and using the same, which will find a sure cure for Consumption, Bronchitis, &c. The only object of advertiser in sending the prescription is to benefit the afflicted, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription will please address REV. EDWARD A. WILSON, Williamburg, Kings co., N. Y. [3m

A CARD TO THE SUFFERING.—The Rev. WILLIAM COSROVE, while laboring as a missionary in Japan, was cured of Consumption, when all other means had failed, by a recipe obtained from a learned physician residing in the great city of Jeddo. This recipe has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and nervous depression caused by these disorders.

Desirous of benefiting others, I will send this recipe, which I have brought home with me, to all who need it, free of charge. Address REV. WM. COSROVE, 439 Fulton Avenue, Brooklyn, N. Y.

A CARD TO YOUNG LADIES AND GENTLEMEN.—The subscriber will send (free of charge) to all who desire it, the Recipe and directions for making a simple Vegetable Balm, that will, in from two to eight days, remove Pimples, Blotches, Tan, Freckles, Sallowness, and all impurities and roughness of the Skin, leaving the same—as Nature intended it should be—soft, clear, smooth, and beautiful. Those desiring the Recipe, with full instructions, directions, and advice, will please call on or address (with return postage.)

The Only Discovery worthy of any confidence for Restoring the Bald and Gray.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its restles way. Read the following:—

Prof. O. J. Wood & Co.—I have written you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, its fact of its habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of its growth of 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used in wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much curiosity and manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any amount for some months, and yet my hair grows as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken of the past week. I receive your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BROCK, P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited—but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing.

A. C. RAYMOND, Aaron's Run, Ky., Nov. 30, 1858. PROF. O. J. WOOD: Dear Sir,—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, God and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.
