

The Local Mariettian.

SATURDAY, NOVEMBER 17, 1860.

Our Wide Awakes have a meeting at the Town Hall this (Saturday) evening for the double purpose of settling up the financial affairs of the club and determining, whether or not, to convert it into a military company.

The Marietta Literary Society met on Tuesday evening last, at their room, adjoining the Town Hall, and reorganized by appointing Samuel Lindsay temporary Chairman.

Lewis Suter, who for some time past has figured extensively in our Courts as a passer of counterfeit money, was arrested a few days ago on the charge of poisoning several horses belonging to Mr. Emanuel Shober.

Mr. Lyons with two corps of Engineers is now rapidly progressing with the location of the Reading and Columbia Railroad, and the line promises to be more practicable even than his report of his first survey set forth.

By reference to our advertising columns it will be seen that efforts are being renewed to establish a bank in this place—not the long talked-of "Donogal," but to be properly called "The Bank of Marietta."

On Sunday evening last a man named Christian Zook was killed on the Railroad, at Palmouth, in this county, by a train of cars.

Hon. Thomas H. Burrows, the able and distinguished State Superintendent of the Common Schools, lectured on Education, in Mercer, on the evening of the 15th ult.

Mr. Spangler, of the firm of Spangler & Patterson, has just returned from Philadelphia where he went to select a winter stock of goods.

Dollinger, the Saddle and Harness maker on Market street, has just received a lot of Buffalo Robes, Horse Blankets, &c. Go and see them.

"Alt Berks" gave the Reading Fusion Electoral ticket 2179 majority—Poor old Berks—how the democratic stronghold has dwindled down.

The Susquehanna is still up and timber and boards coming in. We learn that the West Branch is in fine running order.

Lincoln's majority in Lancaster county—7490!

A Scraw Loos.—The South Carolina Legislature do not find everything going smoothly session. The question of ways and means seems likely to give them trouble.

A young man, in a joke, so he says introduced a friend to a widow lady of some means. An intimacy sprang up between them, which resulted in an engagement of marriage.

PROFESSOR'S WILL.—The will of Brodick, who was murdered on account of his political virtue, has been admitted to probate. His estate, which at one time was supposed to be very little above his liabilities, has, since his death, so deeply lamented, greatly appreciated in value—

FOR THE UNION: The new Mayor of Baltimore, Hon. Geo. Wm. Brown, was inaugurated on Monday last. His address, which was listened to by a very large body of citizens, takes strong constitutional ground, and utterly ignores all political partialities.

VICTORIA COMING.—The Boston Bee says that the Duke of Newcastle intimated to a prominent gentleman of that city, that another year this country and Canada might be visited by the Queen.

GEN. SCOTT.—General Scott is the largest man in the American service. He is six feet six inches tall, and weighs two hundred and sixty pounds.

CARRIED THEM ALL.—Lincoln carried his own ward, city, county and State.—He also carried Douglas' ward, city, county and State.

HOLLOWAY'S PILLS AND OINTMENT.—The wrecks of Humanity.—Indiscretions of youth—No object is more sorely appalling than the premature senility of youth daily witnessed among the habits of our public promenades.

TO CONSUMPTIVES: The advertiser having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption, is anxious to make known to his fellow sufferers the means of cure.

THE GREAT HOLLAND REMEDY.—Berrhaves' Holland Bitters.—Persons subject to nervous or sick headache, will find in Berrhaves' Holland Bitters a sure, safe and pleasant remedy.

The Testimony of the whole World! Halloway's Ointment. Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin ulcer, a boggy diseased condition remains underneath to break out with tenfold fury in a few days.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part, whereas the Ointment will do its work at once.

Indiscretions of Youth; Sores and Ulcers. The above class of complaints will be removed by nightly fomenting the parts with warm water, and then by most effectually fubbing in the Ointment. Persons suffering from these chronic complaints should not attempt to arrest their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may get into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There again breed and fester pustules, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for female cases of cancer in the stomach, or where there may be a general heaving down.

Dropical Swellings, Paralysis and Stiff Joints. Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this Ointment is judiciously rubbed into the parts affected, even after every other means has been tried. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases: Bad Legs, Chigo-foot, Fistulas, Burn Breasts, Chubbains, Gout, Chapped Hands, Gonorrhea, Corns (Soft), Swellings, Bite of Mosquitoes, Contracted and Piles, Sand-Piles, Stiff Joints, Rheumatism, Cocco Hair, Elephantiasis, Skin Diseases, Scurvy, Sore Nipples, Tumors, Ulcers, Sore-throats, Wounds, Nails, Sore-heads.

CAUTION.—None are genuine unless the words "HOLLOWAY'S" are stamped upon every leaf of the book of directions, around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one who sends such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York and by all respectable Druggists and Dealers in Medicine throughout the civilized world; in pots, at 25c. each, and in boxes, at 50c. each.

There is a considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients, in every disorder, are affixed to each box.
