FIRE AND LOSS OF LIFE: On Sunday evening about half past 8 o'clock, whilst nearly every person was at church, a fire broke out in a two story frame building, built on the foot of William Singer's lot, in the alley, between Market and Walnut streets and immediately opposite the stable of Mr. George Rudisill, Sr. The property is owned by William Singer, colored, but was occupied by John and his wife having, as they thought. -five in number, and went to church -It is said the kitchen contained a barrel of shavings and that some damp wood to dry. The impression is that the wood caught, and, communicating with the the inside of the house in a sheet of fire, for almost the moment the fire was discovered it had progressed so far as to leave nothing to be done to save the building, which notwithstanding the execution of both fire companies, was soon burnt to the ground. Three of Walker's children, aged respectively 10, 8 and 4, sister-in-law, perished in the flames.-His oldest son, aged 13 years, was saved. through considerable difficulty, by placing a board up the side of the building, deal of persuasion the lad was induced to climb out of the window upon the board, and thus saved. The next morning a portion of the remains of the chil dren were found in the cellar amongst the charred remains of the building .-These remains were coffined on Monday and buried in the African burying ground

On Monday morning Mr. Thomas C. Child, of the Eureka Sash Factory, waited upon our citizens and solicited aid for Walker, who is now truly an object of sympathy.

"The Hudson Brothers" gave couple of concerts in the Town Hall on Monday and Tuesday evenings. On Monday evening the audience being slim. they sang three or four pieces and dismissed until Tuesday evening, returning tickets to those in, good for the next evening. On Tuesday evening the Hall was well filled and we never listened to more enchanting music. They are, in our opinion, superior to the "Continentals."

A grand exhibition will be held in the M. E. Church, Marietta, on next Tuesday and Wednesday Evenings. A great variety of speaking pieces, as well as singing with melodeon, will fill up let them be properly organized and enthe programme each evening, making it very pleasing and entertaining as on former occasions. Proceeds for the Benefit of the Sunday School. No family tickets; admission each evening 10 cts., tickets to be had at any of the stores or at the church on the night of the exhibi-

To the Citizens of Marietta. Fellow Citizens :- A sad calamity has occurred in our town-the loss of four lives by the burning of a dwelling. And that fire might have been much greater, but for Providence who withheld the winds, and the noble few of his creatures, who worked hard and well to keep the flames from spreading to the numerous

frame stables in the immediate vicinity. No thanks are due to the dainty fingered chaps, who wrapped in their shawls, with ladies on their arms (or holding them up?), were mere spectators in the way of the "workies." Nor are thanks due to the property holders who grudged a little money to repair our old Mat. Lyon engine—the most useful on this occasion-and who scolded and grumbled at the "Vigilant boys" having it, and croaked all kinds of evil prophecies if they were allowed to manage it. Nor do we owe thanks to the "shirking" and helpless officers and members of the other company, who skulked from duty, or made a great noise in giving orders instead of quickly obeying the orders of W. Walker a colored barber. Walker their more active and useful officers and members. Nor are thanks owing to any fixed-up the fire—put the children to bed of the crowd who refused to form into line and supply the "Vigilant" with water. Had these, and such as these, been the only persons there, the fire would had been placed at the front of the stove have spread to the stables, and from thence to the houses by means of the connecting fences and buildings, and a shavings in the barrel, soon enveloped great portion of our beautiful town would have been a blackened and smoking heap of ruins !

But thanks are due to God, and (under Him) to the bold, fearless, hard-working "boys" of the "Vigilant Fire Company." who made the little old Mat. Lyon spout water to excellent purpose whenever water could be had. Then there was and a child aged 3½ belonging to his one lady so active in passing the bucksts, that we must name her (Miss Flury)her example should have driven the idlers to work, for shame, seeing that neither public spirit nor humanity could to the second story, and with a great | do it. Our old neighbor, James Wilson, foremost in subscribing aid to the fire department, was among the foremost in forming the ranks, and working in them to supply the Vigilant with water. And many of the Officers and members of the older company deserve great credit for their active and well directed labors.-And there were some citizens who never worked before, that worked this timefor their property was in danger. May they remember the aid received now, when their neighbors are in like danger!

But, fellow citizens, we need "security for the future." Other fires may occur. and we must remedy defects in our fire department and our general customs at

We want no mere spectators at fires .--Fires are not holiday exhibitions, given gratis for shawled dandies and close-fisted hunkers. We want officers who can and will direct, and men who will obey orders and work. Let all other officers resign, and other people keep quiet and out of the way. And we want laws passed that will give officers and workers power to compel idlers to work or clear out. The "Vigilant" engine was damaged-let it be repaired. And let the citizens at once equip her "boys," and rolled into our fire department, for they are worthy, and will be needed.

Will this "word to the wise" be "suf SAM'L D. MILLER. ficient?"

Mr. John C. Ronk has stowed away in Cushman's building, opposite Mrs. Flury's, between three and four hundred bushels of very fine applesdifferent kinds-which he is selling at Certainly this is cheaper than we can buy them in our midst when we have a good crop at home.

Dr. Haynes lectured in Temperance Hall on Thursday evening to a Noel, "mine-host" of the Glatz rather slim audience; his lecture howuntil after Christmas, where he can be consulted.

PROF. O. J. WOOD: Dear Sir :- Your Hair Restorative is rapidly gaining popularity in this community I have had occasion to lay prejudice aside, and give your Hair Restorative a

perfect test:—
During the year 1854, I was so unfortunate buring the year 1804, I was so uniortunate as to be thrown my sulky against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time the entire surface of the fleat. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every perscription advanced. These and no other circumstances induced

me to resort to your worthy Hair Restorative which I have every reason to believe, produc a very happy result: two months after the first application, I had as beautiful a head of young air as I ever saw, for which I certainly ow hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a livile.

You can publish this if you think proper.

Yours, very respectfully,

A gentleman of this place, (a lawyer,) has A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your hair "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,.
THOMPSON SURGHNOR.

DR. WOOD: Dear Sir: Permit me to express the obligations I am under for the entire res-toration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hue. I consider your restorative as a very wonderful Invention, quite efficacious as well as agreeable.
