Such as Indigestion, Acidity of the Stomach, Colicky
Pains, Hearburn, Loss of Appetite, Deepondency,
Costiveness, Blind and Bleeding Piles. In all Neryoud, Rhoumanic, and Neuralgic Affections, it has in
numerous instances proved highly beneficial, and in
others effected a decided cure.

This is a purely vegetable compound, prepared on
strictly scientific principles, after the manner of the
colabrated Holland Professor, Bearhave. Its reputation
at home produced its introduction here, the domand
commencing with those of the Fatherland scattered
over the face of this mighty country, many of whom
brought with them and handed down the tradition
of its value. It is now offered to the American public,
knowing that its truly wonderful medicinal virtues
must be acknowledged.

It is particularly recommended to those persons

It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the heair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemen in New York who have head their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore to its original hue, giving it a dark, glossy appearance. As a perfume toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as the hair, which, when moist with the Invigo-rator can be dressed in any required form so as to preserve its place, whether plain or in curls— hence the great demand for it by the ladies as a standard toilet article which none ought to as a standard tollet article which none ought to be without, as the price places it within the reach of all, being Only Twenty-five Cents per bottle, to be had at all respectable druggists

L. Miller would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a weak. The use of it lays the loundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

COMMENDATIONS:

From Hon. Levis D. Campbell, M. C., Ohio.

My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything they ever saw. My likeness has been repeatedly taken by artists in various ways, but I have never yet had one which presents so true to nature, all the features and expressions of countenance as this.

From Hon. E. Joy Morris, late Minister to Raly.

The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and faithfulness as likenesses, cannot fail to commend them to the attention and patronage of all who appreciate true art.

From Col. James Page.

Having occasion for a portrait, I procured one from Mr. Rebert Newell, of the city of Philadelphia, a ministure in Oil Colors, under the new process discovered by him, and take great pleasure in expressing the satisfaction given me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recom-

en me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recom-mend him to the patronage of those disposed to

encourage the beautiful art. JAMES PAGE. Nov. 24, 1860.-1y]

TEETH inserted on the most approved principles of Dental science. All operations on the mouth performed in a skillful and workmanlike manner—on fair principles and reasonable terms. Having determined upon a permanent location in this borough, at the old stand, would ask a continuance of the liberal patronage heretofore extended to him; having studied under a celebrated graduate of the Philadelphia College of Dental Surgeons, feels confident to be able to render satisfaction in all branches of the profession.
