Chalubeate Restoratibe Pills of Iron.

Naperient and Stomachic preparation o A Naperient and Stomachic preparation of Liron-purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost

every conceivable case.
Innoxious in all maladies in which it has been tried, it has proved absolutely curative in

been thed, it has proved absolutely curative in each of the following complaints, viz:

In Debtlity, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhau, Dysculery, Incipient Consumption, Scrofulous Tuburculosis, Salt Rheum, Mismenstruction, Chlorosis, Whiles, Live Complaints, Chronic Headaches, Rheuputism In-

Rheumatism, In-termittent Fevers, Pim-ples on the

face, &c.
In cases of General Debility, whether the result of acute discuse, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanc guineous exhaustion, crittical changes, and that complication of nervous and dyspeptiaversion to air and exercise for which the phyician has no name.

In Nervous Affections of all kinds, and for

reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigo-rously tonic, without being exciting and over-heating; and gently, regularly aperient, even

permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which furns them.

In Dispepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness.
In unchecked Diarrhaa, even when ad-

vanced to Dysentary, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remitten, hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and in-

physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known line. bilities.

The attention of females cannot be too confidently invited to this remedy and restorative in the cases peculiarly affecting them. In the cases peculiarly affecting them.

In kheunatism, both chronic and inflammatory—in the latter, however, more decidedly—
it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and use-

No remedy has ever been discovered in the whole history of modicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual dispo for active and cheerful exercise, immediately

follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. COMMENDATIONS:

From Hon. Lewis D. Campbell, M. C., Ohio.

My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything they ever saw. My likeness has been repeatedly taken by artists in various ways, but I have never yet had one which presents so true to nature, all the features and ex-

sents so true to nature, all the features and expressions of countenance as this.

From Hon. E. Joy Morris, late Minister to Haly.

The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and faithfulness as likenesses, cannot fail to commend them to the attention and patronage of all who appreciate true art.

From Col. James Page.

Having occasion for a portrait, I procured one from Mr. Robert Newell, of the city of Philadelphia, a miniature in Oil Colors, under the new process discovered by him, and take the new process discovered by him, and take great pleasure in expressing the satisfaction given me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recommend him to the patronage of those disposed to encourage the beautiful art.
