Senator Bragg, of North Carolina, deivered a brief address at Raleigh on January 25. He deprecated precipitate action,, since he thought it would be much better for North Carolina to remain in the Union, and seek an honorable adjustment. While he despaired of a settlement of our difficulties by the present Congress, he was not without hope that they would be adjusted, and the Union preserved by the people of the States.

The State of Massachusetts keeps up the old custom of giving a dinner to her Representatives annually, on the assembling of the Legislature. The knifeand-fork, performances follow a bluelight sermon, as in the olden time. This vear the State bought the dinner for its Representatives at the Parker House, in Boston-a splendid house, by the way.
