On Monday last four very large pieces of artillery and two car loads of balls and shell passed through our place, en route Philadelphia from the United States Arsenal at Lawrenceville. They are of the heaviest calibre, and are intended for the protection of Fort Delaware, near the mouth of the Delaware river. The train carrying these materials of war attracted quite a crowd of inquiring sensationists to Front street.

MR. BAKER:-In your paper of the 12th ultimo you denounce original pieces in rather tart phrases. In copying from another paper, local circumstances should be taken into consideration before adopting, as suitable to your own locality .--City papers of any notoriety are broad cast over the land and sea, too, peradven-

ture. Now a city editor may put such a denunciation in his paper without seeming at all personal; but in a village where very few, and those generally known, send an offering of the kind you speak of, must be personal. Now I think the talent of our borough ought to be encouraged, and should be the pride of every loyal citizen to do so. Our most eminent writers had to bear with these snubs There manuscripts, too, are seldom "fixed up" and the writing of many almost illegible. Lawrence Johnston, (now deceased,) told me a printing office was as good as an academy to a young man; now by the time the "Printer's Devil" passes At a meeting of the "Vigilant this, the primary department, and learns Bire Company" held at their Hall on to know what it is to make a printer's Saturday evening last, the following of- "pie" and is promoted to the office of printer,-and sometimes relieves the editor,-or help to make selections for the press-he ought to know the trade of "fixing up." My son, now Prosecuting Attorney at Fort Levenworth, learned the printing business in Johnston's office, and read the proof sheets of Mrs. Sigourney's poems, and they were not "fixed up." One of her communications had an obscene word written on the seal when taken from the post-office. This was no disgrace to her-but to the person who done it. Dean Swift says 'It is the sweetest fruit the birds pick most at, on the tops of the trees, not among the lower branches."

"CHARITY." Note: We most respectfully disclaim any personality—should be very far from casting any upon our local aspirants to poetic fame. We only copied the article on "Fixing up Poetry" from a city exchange, as one of general application, common to every newspaper office. We beg leave, respectfully however, to differ from our matronly contributor,-fixing up poetry is by no means a trade; -neither is writing poetry-yet many pretend. to both, much to the mortification of their friends and well-wishers .- Editor.

From Hon. Levis D. Campbell, M. C., Ohio.
My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything they ever saw. The Only Preparation that has stood THE TEST OF YEARS, nd grows more and more popular every Day.

A ND grows more and more popular every day! and testimomals, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray and preserve the hair of the youth to and gray, and preserve the hair of the youth to

old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st, 1858.

Phor. Wood: Thee willt please accept to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an erup-tion on the head. A continual course of suffer-ing through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do stun for caps, netter have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the held spate is pour cavered with hair thick the bald spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling confident that another large bottle would restore if entirely and per-manently, I feel anxious to persevere in its use, and being destitute of means to purchase any more. I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration-"the reward is to those who are

kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.
Ligonier Noble Co., Indiana, Feb. 5, 1859. PROF. O. J. WOOD: Dear Sir:—In the latter part of the year IS52, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely bereft o part of my scalp was almost entirely better to its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my, return to the State of Indiana, my mere casual acquaintances were not so much at a loss to discover the cause of the change in my appearance. nce, as my more intimate acquaintances were

I to recognise me at all.

I at once made application to the most skillful physician in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recom-mended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that ime. I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.
