A GREAT MEDICINE FOR FEMALES,-Hundreds of stimulants have been invented and sold, purporting to be specific in the various diseases and de rangements to which the delicate form of woman render her subject. The result of all these stimulants has been to impart momentary activity to the nervous system. and false vigor to the muscles; but this relief has been succeeded by a depression and prostralion greater than before; and the repeated attempts of invalids to build themselves up by these false remedies, have finally ended in destroying what little vital organization was left. But in using "Borhave's Holland, Bitters," you will find no such disastrous results. It is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Borhave. Under its influence, every nerve and muscle receives new strength and vigor, appetite and sleep return, and finally perfect health. See advertsement in another column

A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. Ligonier Noble Co., Indiana, Feb. 5, 1859. Phor. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining por-tion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my re-turn to the State of Indiana, my mere casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were

to recognise me at all.

I at once made application to the most skillful plysician in the country, but, receiving no
assurance from them that my hair could again assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time. STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Ilhemmatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared or strictly scientific principles, after the manner of the celebrated Holland Professor. Beerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Katherland scattered over the face of this mighty country, many of whont brought with them and handed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful maticiant virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system. NOTICE—Wheever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular vamedial properties. READ CAREFULLY!

The Genuine highly concentrated Borliave's Holland Bitters is put up in half-pint bottles only, and retailed at QNE DOLLAR per bottle, or six bottles for Rive Dollars. The great demand for this truly celebrated Medicine files induced many imitations, which the public should guard against purchasing.
