This Oil acts on the system with electricity—is of pure vegetable preparation. Not the slightest danger of applying it outwardly or inwardly. It at once gives a permanent cure—in most cases from ten to twenty minuets. The best physiologists of Europe have discovered that all organic derangement of the animal system is the effect of an obstruction of the physico-electric fluid in the organ diseased.—A skillful application of this Oil puts in immediate motion the nerve fluid, and the cure is at once accomplished. No bleedings—no vomiting, purging or blistering is resorted to.

R. MOTT'S CHALYBEATE Restorative Pills of Iron!!

An Apericat and Stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their prescribe. vractice.

The experience of, thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhea, Dysentery, Incipient Consumption, Scrofultous Tuburculosis, Salt Rheum, Mismenstruation, Chlorosis, Whites, Live Complaints, Chronic Headaches, Rheumalism, In-Rheumatism. Intermittent Fevers, Pimples on the

face, &c.
In cases of General Debility, whether the result of acute disease, or of the continued dim-inution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sulferers, emaciated victims of apparent marasmus, sanc guineous exhaustion, critical changes, and that complication of nervous and dyspeptiaversion to air and exercise for which the physical contents are successful to the superior of the superior which the physical contents are successful to the superior which the physical contents are superior when the superior which the physical contents are superior which the physical contents are superior when the superior which the physical contents are superior which the physical contents are superior when the physi aversion to air and exercise for which the phy-

sician has no name. In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vizorously tonic, without being exciting and overheating; and gently, legularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting

a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which

forms them.

In Dispepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness. In unchecked Diarrhea, even when ad-

vanced to Dysentary, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength,

debilitating cough, and remitten, hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and

physicians, in several very gratifying and in-teresting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known lia-bilities. bilities. The attention of females cannot be too con-

fidently invited to this remedy and restorative, in the cases peculiarly affecting them. In Rheumatism, both chronic and inflamma-In Rheumatism, both chronic and inflamma-tory—in the latter, however, more decidedly— it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles. In Internation Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and use-fulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.— Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.
