Prof. Miller's Hair Invigorator. An Effective, Sufe and Economical Compound For restoring Gray Hair to its original color without dyeing, and preventing the hair from turning gray.

For Preventing Baldness, and curing it, when there is the least particle of vitality or recuper-

ative energy remaining.

For Removing Sturf and Dandruff, and all cutaneous affections of the Scalp.

For Beautifying the Hair, imparting to it an unequalled gloss and brillancy, making it roft and silky in its texture and causing it to curl readily.

and sitky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over another preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases. Causes the hair to grow luxuriantly, and gives it a rich, soft; glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which, have become the growth to those parts which have become bald, causing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemen

There are hundreds of isdies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore to its original hue, giving it a dark, glossy appearance. As a perfume toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curis to preserve its place, whether plain or in curis
—hence the great demand for it by the ladies
as a standard toilet article which none ought to be without, as the price places it within the reach of all, being ONLY TWENTY-FIVE CENTS.

L. Miller would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use obtals us the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the whild, and the future appearance of its Hair.
