PIER E FOR DEPENCE.—Should the war or nue beyond three months, new requsitors for volunteers will undoubtedly be hade. And even during the present marter a Home Guard is desirable in hery city and village as a guard ginguams, cassmers, cloths, to be extract into action in troublesome Velvet Cords, against these plunderers who are apt to times-for "the devil loves to fish in midly waters ;- and especially will it be | Shawls ndeed if deff. Davis and his co-traitors atempt to make our country or State l Southern steel and smell Southern porder"-that is, powder and steel stolen from the North by Southern traitors thieves !

Would it not be well therefore, for all willing able-bodied mea of whatever age to enroll themselves, and meet regularly for drill, at one or nore convenient places, say one evening and one aftermon (Saturday) each week? No uniform, no particular form of fire-arm, need be provided. Citizens dress, and such arms as can be properly used, would be sufficient; and of these enough can be found to equip all who come. Any old soldier (or younger military man) who will give his mind and sime to the good will give his mind and time to the good work, could put them through the facings, wheelings, marchings and manual exercise; and the proficiency thus gained would be found very beneficial should the party ever be called into actual service; whether to meet traitor armies abroad, or to quell a tumult or insurrection at home. Shall we have such a Home Guard and reserve Militia in MARIETTA?

The Lancaster Fencibles, Captain Franklin, and the Jackson Rifles, Capt. Hambright, are nightly receiving large accessions to their ranks, and before the end of the week both companies will doubtless have the full compliment of men to be mustered into active service. We understand that both companies have offered their services to the government and accepted. The Lancaster boys will render a good account of them selves .- Examiner.

Prof. Wood: Thee willt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. tion on the head. A continual course of suffer-ing through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in itsuse and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those who are kind to the widow and the fatherless."

Ligonier Noble Co., Indiana, Feb. 5, 1859.
Prof. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my mere casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were ance, as my more intimate acquaintances were

to recognise me at all.

I at once made application to the most skill-I at once made application to the most skill-ful physician in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recomreliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy. As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully yours, A. M. LATTA, Attorney and Counsellor at Law.
