DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An Aperient and Stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authoritics, both in Europe and the United States, and prescribed in thei. practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been stirl it has a proposed absolutely currently on.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhæa, Dyscutery, Incipient Consumption, Scrofulous Tuburculosis, Salt Rheum, Mismenstruation, Chlorosis, Whites, Live Complaints, Chronic Headaches.

Chronic Headaches, Rheumatism, In-termittent Fevers, Pimples on the face, &c.
In cases of General Debility, whether the re-

sult of acute disease, or of the continued dim-inution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighbor-hoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanc guineous exhaustion, critical changes, and that complication of nervous and dyspepti-ayersion to air and exercise for which the phy-

sician has no name.
In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness with-

out ever being a gastric purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

lu Dispepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness. In unchecked Diarrhæa, even when advanced to Dysentary, confirmed, emaciating, and apparently malignant, the effects have

een equally decisive and astonishing In the local pains, loss of flesh and strength, debilitating cough, and remitten, hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and in-

resting instances. In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and use-

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.— Good appetite, complete digestion, rapid aconisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat fint metal boxes containing Put up in neat flat metat boxes comaning 50 pills, price 50 cents per box; for sale by druggists and dealers. COMMENDATIONS:
From Hon. Lewis D. Campbell, M. C., Ohio.
My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything they ever saw. My likeness has been repeatedly taken by artists in various ways, but 1 have never yet had one which presents so true to nature, all the features and ex-

pressions of countenance as this.

From Hon. E. Joy Morris, late Minister to Italy.

The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and faithfulness as likenesses, cannot fail to commend them to the attention and pa-
