From Hen. Lewis D. Campbell, M. C., Ohio.

R. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.
An Aperient and Stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States and prescribed in their and the United States, and prescribed in their

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has

been tried, it has proved absolutely cutative in each of the following complaints, viz: In Debility, Nervous Affections, Emaciation,

Dyspepsia, Constipation, Diarrham, Dysente-ry, Incipient Consumption, Strafulous Tubur-culosis, Salt Rheum, Mismenstruction, Chlo-

rosis, Whiles, Liver Complaints, Chronic Head aches, Rheumatism, Intermittent Fevers, Pimples on the face, &c. In cases of General Debility, whether the result of acute disease, or of the continued dominution of nervous and muscular energy from the termination of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would reader credible. Invalids so long bed-ridden as to hoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers emaciated victims of apparent marasmus, sand guineous exhaustion, critical changes, and that complication of nervous and dyspepti-aversion to air and exercise for which the phy-

sician has no name.
. In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or indicting a disagreeable sensation.
It is this latter property, among others

which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific , by dispersing the local tendency which

In Dispensia, in numerable as are its causes, a single box of these Chalybeate Palls has often sufficed for the most habitual cases, including the attendent Costiveness.

In unchecked Diarrhwa, even when advanced to Dysentary, confirmed, emeciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the focal pains, loss of flesh and strength, debilitating cough, and remitten, heetic, which generally indicate Incipient Consumption, this ground, has allowed the start of times and

turning gray. For Preventing Baldness, and curing it, when there is the least particle of vitality or recuper-ative energy remaining.

For Removing Sourf and Dandruff, and all

cutaneous affections of the Scaip.

For Beautifying the Hair, imparting to it an unequalled gloss and brillancy, making it roft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over another preparation at present in use. It cleanses the head and scalp from dand-ruff and other cutaneous discuses. Causes the run and other channeous discusses. Causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemental New York who have had their hair restored.

in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectibility. It will effectually prevent the hair from turning gray until the latest period of life and in cases where the hair has already changed its color, the use of the Invigorator will with a castality westers to its original hue, giving it a certainty restore to its original hue, giving it a dark, glossy appearance. As a perfume toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladics as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS. per bottle, to be had at all respectable druggists

and perfumers.

L. Miller would call the attention of Parents The use of these Pills for a very short time and Grar tians to the use of his Invigorator, in will effect an entire cure of SALT RHEUM, cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future ap-
