SATURDAY, JUNE 8, 1861.

July 4th, 1776-1861.

COL. BAKER.—It is not time to make preparations for a general and earnest celebration of our great national anniversary? The impelling of the great principles of the Declaration of Independence, by the corrupting influences of Southern traitors for thirty years past, and the culmination of their secret treasons in the present rebellion, call on all patriots—all lovers of our country and our free government—to refresh our memories, re-imbué our souls with those foundation principles of our government and its free institutions, and to renew our vows of allegiance and our mutual pledges of "fortunes, lives, and sacred honors" in their support.

Let us have some such celebration.—I care not for details or specialities—but give us a big, generous, glorious, general public celebration once more, of the good old day, its memories and its principles. Will not our Burgess and 'Town Council take the lead and arrange for a meeting or other movement toward securing preparations in good season for such a Celebration? There is now less than four weeks, for the work, and it is one that, if well done, will require all the time. The Committees to select Speakers, Reader, officiating Clergy, Choir or Choirs, and bespeak the provisions, and select and fit up the suitable spot, and get out the Schools, Companies, Lodges, &c., should be at work certainly by next week, so as not to crowd them too much. The families of our absent volunteers should not be forgotten, nor the old soldiers of 1812-15.

SWORN IN.—On Saturday afternoon, Captain Henry Sherbahn, of this place, Paymaster, was sworn in with the rest of the officers of the Second Brigade.—We think that these men should be enjoying the pay and glory of their offices in the field of War, a chance want of patriotism and bravery on their part did not deprive them of. But Sherbahn, Dickey & Co. made a "good thing" of it, and left their brigade, go to — get into service in detached companies.—Had we accepted the post of Drum Major we would now be at a loss to know what was to be majored or drummed, unless it would be the superior officers—and we would have with equal pleasure drummed them to duty or out of the Camp? Then there's our brother of the Mariettian, worth a (Baker's) dozen of rebels, with his shooting stick loaded, primed and capped, and no form to shoot at, unless it be the form ready for the press. It's too bad. For goodness sake let there at least be a regiment formed out of the remaining companies to be known as the "Lancaster County Brigade."

We clip the above from the Mount Joy Herald of last week, and from it we are inclined to think our friend STAVREUS, disposed to be a little severe. Bear in mind the force of the "old saw," "that the truth should not always be told."—We are basking in the shade of military favor—allowed to recline (dignifiedly and with great inactivity) on our military honors, and do not, therefore, for a moment, disturb our felicity by any war talk, just now at least, when another call for 100,000 is about to be made.

The life of Lieut. Gen. Scott—which should be in the hands of every school boy, now selling at ten cents; also Beadle's "Dime Song Book," containing national and patriotic airs; and Beadle's "Dime Drill Book," being Scott and Hardee simplified. These low priced and interesting books can be had at Dr. Hinkle's and should be read by everybody.

For the Mariettian.] Relief Committee.

COL. BAKER.—It is rather gratifying to my pride as a Mariettian—a recent "residenter," it is true; but also "one of yours" from 1805 to 1830—to find that our people here came so very near to hitting the nail on the head at the very first start of organizing our Relief Committee. The addition of two gentlemen in each ward, (as aiders and advisers when called on by the ladies who were constituted visitors,) was probably an improvement; but the first movement, of appointing ladies only as visitors of the families of our volunteers, and dispensers of the relief fund, proves to have been a very fortunate arrangement, judging by the complaints made in Lancaster, where only men were placed in that situation. A week or so since, the Express contained a long article, noticing and commenting upon the complaints and causes of complaint which had come to the Editor's knowledge. Suffice it to say, that there were complaints and causes for complaint on both sides, (as also, we doubt not, complaints, without cause,) but the following remedy for the whole evil, proposed by the Editor, will show how happily our people took time by the forelock. Please copy. A. B. G.

"That errors have been made we have no doubt. Some perhaps who needed most have received least, and some deserving women may have been overlooked through their diffidence. This we think is owing to a defect in the plan of distribution. To our mind it is very clear that there should be Ladies on the Ward Committee to act in concert with the gentlemen. These Ladies should be good practical housekeepers, who, when they enter a family, will at once understand its requirements and be able to estimate the amount necessary to defray the family expenses. It is not to be expected that men should be able to understand and fairly estimate the wants of a family, and unless they are, they are in constant danger of being imposed upon or of imposing upon themselves.—Besides, it is a very delicate matter for gentlemen to visit families in the absence of their heads, and make the enquiries necessary to a proper discharge of their duties, without lying themselves open to the slanders of malicious and designing persons, as we understand has been the case in at least one instance.

We hope, therefore, that at the next meeting of the Committee, this suggestion will be carefully and favorably considered. If adopted, and some good practical housekeepers placed upon the several Ward Committees, we know it will work well, be more satisfactory to all parties, and effectually remove any causes of complaint now existing."

P. S.—A correspondent from the "Cookman Rangers," of Columbia, writing to the Express, says of some complaints against the Columbia Relief Committee—"Had this body been composed of ladies—which common sense would have dictated—such personal interests and measures would have been a secondary consideration, and the families of absentees attended to," &c.

That correspondent has evidently studied human nature in man and in woman too, and "knows what is what." Columbia will have to follow the example of Marietta and Manheim.

Chief Burgess Park has authorized us to notify all persons owning property on Market street to have their gutters cleaned immediately. Persons neglecting this notice, the work will be done by the Borough supervisor and charged to the property owner. The season is now at hand when all such sanitary measures should be readily complied with. Filthy gutters beget disease.

Mr. Peter Pastor, a private in Captain Patterson's company of Lancaster City Infantry, was buried with military honors in Lancaster, on Sunday last. An immense concourse of citizens witnessed the ceremonies. Mr. Pastor died on Friday, at Camp Slifer, Chambersburg. His disease was "spotted" fever.

We were the fortunate recipient of a plate of fine strawberries, a few evenings since, from R. A. Child of the Union Restaurant. May his shadow never grow less. Who will be as thoughtful as Russell? He deserves and we are glad to hear receives very liberal encouragement.

After delays without number and vexatious countermanding of orders, the Union Guards, Captain Barton; the Lancaster Guards, Captain Neff, and the Safe Harbor Jones Artillery, Captain Hess, left for Camp Wayne, at West Chester, Pa., on Tuesday morning last.

My likeness has been repeatedly taken by artists in various ways, but I have never yet had one which presents so true to nature, all the features and expressions contained in yours.

THE WONDERS OF THE WATER-CURE are such, that, if they were generally known, the dealers in drugs might throw their physic to the dogs, for the people—at least the intelligent portion of them—would have none of it. And why should they? Can a man take fire into his bosom and not be burnt? Nay verily! No more can he take poison into his stomach without being poisoned. READ THE FOLLOWING! Professor J. M. Smith, M. D., of the New-York College of Physicians and Surgeons, says: "All medicines which enter the circulation poison the blood." "All of our curative agents are poisons, and as a consequence every dose diminishes the patient's vitality." Prof. H. G. Cox, M. D., of the New-York Medical College, says: "The fewest remedies play in any disease the better for your patient."

READ AGAIN! Prof. Parker says "Hygiene is of far more value in the treatment of diseases than drugs."—Prof. Clark "A sponge bath will often do more to quiet feverish restlessness than any of the drugs." Prof. Gilman "Hygienic treatment is of far more value than all drugs combined." JOHN CAMERON, M. D., corner of Front and Gay streets, Marietta, practices the Hygienic Water-cure extensively, and confidently asserts that it is perfectly and agreeably applicable in every curable disease; while, at the same time, it is the only medical system yet discovered, that has philosophy and common sense to command, and public confidence. The following are some of the diseases in the treatment of which Dr. C. is prepared to prove the efficacy and superiority of his system, viz: Inflammation, Typhoid, Remittent, Intermittent, Symptomatic and Eruptive Fevers, Influenza, Cholera, Cholera Infantum, Dyspepsia, Liver Complaint, Diarrhea, Dysentery, Worms, Piles, Incipient Consumption, Scoury, Scrofula, Erysipelas, Thrush, Epilepsy, when not caused by any structural disease, Hemiplegia, Paralysis, Rickets, Neuralgia, Rashes, Itch, Scall, and other diseases of the skin, Misanthropic, Leucorrhoea, Protrusion and other genital displacements, Venereal diseases, diseases of the Urinary organs, &c., &c. Marietta, May 18, 1861. 43-1f

PROF. DE GRATH would state explicitly that he is the discoverer and sole possessor of the secret of the manufacture of Electric Oil, which could not be purchased for \$1,000,000—and \$50,000 would be given to any chemist who will make it. My Oil has performed all the cures published in the Ledger for years past. Ask Col. Grant, 26 North Thirtieth street, Dr. Killingsworth, Dr. Keyser, now at St. Lawrence Hotel; George C. Boyer, 302 Jarvis street; Mr. Cripps, Thirtieth and Girard Avenue, and others, ad infinitum, who have been cured of Rheumatism, Deafness, Dropsy, Paralysis, &c. Philadelphia. It is also a valuable remedy for Colds, Splints, Spavin and Scratches on horses. Price 25 cents, 50 cents, and \$1. Prof. CHARLES DE GRATH, Philadelphia, Pa. None genuine without Signature of Prof. C. DE GRATH. Labels signed in writing. Principal Depot No. 217 South Eighth St. Philadelphia. Country dealers and druggists can be supplied wholesale and retail. Price 25 cents, 50 cents, and \$1 per bottle. Try everything else; give this one simple trial. CAUTION—Be careful to ask for and get Dr. De Grath's Electric Oil, as worthless imitations abound. There are numerous imitations sprung up on the reputation my article has acquired. The public must beware. They are worthless. For sale by all dealers in drugs. Principal office 217 South 8th street, Phila. Feb. 2, 1861.
