DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON. An Aperient and Stomachic preparation of $I_{\eta,0}$ n purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in thei.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has

each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation,
Dyspepsia, Constipation, Diurrhaa, Dysenter

ry, Incipient Consumption, Scrofulous Tubur-culosis, Salt Rheum, Mismenstruation, Chlo-rosis, Whites, Liver Complaints, Chronic Head aches, Rheumalism, Intermittent Fevers, Pim-

ples on the fuce, &c.
In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, programmer and property managements are description nor written attestation would rendemaciated victims of apparent marasmus, sanc guineous exhaustion, crittical changes, and that complication of nervous and dyspeptiaversion to air and exercise for which the physician has no nearly specific the physician has no nearly

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for; unlike the old oxides, it is vigorously tonic, without being exciting and over heating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting

a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dispersia, innumerable as are its causes,

single box of these Chalybeate Pils has often sufficed for the most habitual cases, including the attendent Costiveness. In unchecked Diarrhea, even when advanced to Dysentury, confirmed, emaciating, and apparently malignant, the effects have been equally designed to the interest of the confirment o

been equally decisive and astonishing.
In the local pains, loss of flesh and strength, debilitating cough, and remitten, hectic, which generally indicate Incipient Consumption, this remedy has alloyed the alarm of friends and physicians, in several very gratifying and in-

thresting instances.
In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known lia-

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately

follow its use.

It cures Consumption,

It cures Bronchitis, It cures Sore Throat, Coughs and Colds. It cures Asthma, Scrofula and impurities of This unequalled remedy is now for the first

time introduced to the public.

It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by learned physicians in Europe.

He has forwarded to us in writing, a full ac-

count of his own extraordinary cure, and of a number of other cures which have come under his observation and also a full account of the medicine. At his request, and impelled by a desire to

extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for tree distribution. Its interest is enhanced by an account which he gives of some of the scenes of the Syrian massacres, which he obtained from those who suffered in that awful tragedy.

This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it. We import the Mokora Arabica direct from Smyrna through the house of Cleon and Gylippus, and we have always on hand a full supply put up in bottles ready for use with full directions. COMMENDATIONS:

From Hon. Lewis D. Campbell, M. C., Ohto.

My family and friends all concur in the opinion that the (Newell) Picture is more life-like than anything they ever saw. My likeness has been repeatedly taken by artists in various ways, but I have never yet had one which presents so true to nature, all the features and expressions of countenance as this. pressions of countenance as this. From Hon. E. Joy Morris, late Minister to

Maly.

The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and faithfulness as likenesses, cannot fail to commend them to the attention and pa-

tronage of all who appreciate true art.

From Col. James Page.

Having occasion for a portrail, I procured one from Mr. Robert Newell, of the city of Philadelphia, a miniature in Oil Colors, under the new process discovered by him, and take great pleasure in expressing the satisfaction given me, not only by the accuracy of the likeness, but its artistic finish in all respects, and recom-mend him to the patronage of these disposed to encourage the beautiful art.
