SATURDAY, JULY 6, 1861.

THE FOURTH OF JULY was celebrated of Marietta. The day was welcomed by a salute of thirty four gans that made the welkin ring till the echo died in the distance. Our faithful and indefatigable officer, Capt. R. A. Child, under whose efficient command the cannonading was kept up regularly throughout the whole praiseworthy and careful manner.

As a compliment to the county whose after part of the day, a cannon was placed on the summit of the round top, and From the top of the mountain there was a splendid display of Fireworks in the evening, while in the grove below, a jolly company of our citizens tript it on the o'night. Nor was the remaining por- bills, and all that are in circulation are tion of our population less joyous at home, for during a considerable portion of the evening, besides a display of fireworks from several points in the borough. the boys kept up a regular fire of musketry (in miniature of course), which was continued while there was a shot in the locker. The "old soldier" renowned for his deeds of daring in the buttle that was never fought, tried by a special effort to display his loyalty, or rather his vanity, but the citizens very promptly refused to countenance a scheme: which in competent hands, would doubtless have been a splendid affair.

Letter from a Mariettian in Gamp.

SHARPSBURG, MD., June 28, 1861. Dear Baker: 1 have been looking for a copy of your paper for some time, but up to this time have looked in vain, and have at last concluded to drop you a line and, if possible, have it sent me regularly, and at the same time give you a little note of our whereabouts and doings. We (the Marietta Cameron Guards) are encamped in a pleasant woods, about one mile from the Potomac-the Potomac is a beautiful stream, about 200 yards wide, and just deep enough for a dirty soldier to get a fine wash and a good swim. Yesterday Christian Ohmit, Martin Shields and self were bold enough to take a swim and cross over to the "sacred soil of Virginia," and write our names on the sand. The enemy was near at hand, but we returned to camp unmolested ; so he knows about my Electric Oil. Ask all othnear are we to the enemy that we daily | ers present at the City Hall, if not 100 invalids ly rascals will never venture on this side of the Potomac, but if they do not come to see us we will go to see them. One night last week the picket guard fired | cents, and \$1 per bottle. their guns which is the signal of alarm; at that very moment the air was filled with the voices of a legion of men-the cump was all a-stir-the boys were in a had arrived to punish the rebels and traitors for their treachery and trea-Jeff. Davis or any of his followers .-But alas-the vain delusion; to the rale Agent, MILAN, OHIO. chagrin and disappointment of all, the alarm was without cause; the picket discovering a man on horseback coming along rapidly, called out "halt," the farmer, for such he was, being ignorant of what it meant, moved unconcernedly on. -the guard called the second and third time, when he raised his piece and shot him dead on the spot; hard indeed for the ignorant farmer to loose his life, but faithfully did the guard perform his duty. Another painful instance occured; last night a picket guard was stationed at a certain point, with instructions to keep a sharp look out at midnight; one of the guard, which consisted of ten men, hecame, from some unknown cause, excited and mistook one of their own number for a rebel, and, leveling his piece, without a second thought, fired, bringing from patients, the ington Shreiner, who belongs to the Mount Joy Rifles, and formerly a resident of Marietta, was the unfortunate

We are requested by Brigade Inspector Cox to request all persons having old muskets to leave them at this office. He will be in this borough some day, discharged his duties in the most | day during next week, to hunt up all in this vicinity. They are to be remod-

eled and one thousand distributed in rugged hills add so very materially to the this county. Marietta will then be enbeauties of our lovely landscape, in the titled to her share. Tohn Langdon, who left here with the Cameron Guards, returned on Tuesday last, having been discharged on account of sickness. He brought us the letter which will be found on our columns,

HOLLOWAY'S PILLS .- The ne plus ultra Remedies for Scrofula, Scurvy, &c .- When all else have failed these famous pills will effect a speedy and thorough cure-the blood is the seat of Scurvy, Scrofula and their kindred disorders. By their direct action on the circulation Halloway's pills purify the blood of those humors which infect or vitiate it. Thousands

have been cured by them after they had tried all other means without success. On the stomach, the liver and the lungs their effect is marvellous,-Let each one judge for himself by procuring a box and following the directions to the letter, and we will guaranty a speedy and effectual cure. All who have the slightest taint of scurvy should use these medicines -don't hesitate-purchase a box.

PROF. DE GRATH'S ELECTRIC OIL has performed some miraculous cures in our city, at the Union Hall.

One gentleman, deaf for twenty years, has been restored to his hearing. Another, afflicted with Rheumatism, unable to raise his hands to his head, was cured in presence of a large audience. We will, therefore, recommend to all afflicted with Rheumatism, Deafness, Neuralgia, Seres, Pains, Burns, Frosted Hands and Feet, to get a bottle of De Grath's Electric Oil. as we saw his Oil perform cures which the medical faculty has been unable to make .-- Hartford (Con.)
