[ANNOUCEMENTS, GRATIS; ADDITIONAL REMARKS, FIVE

pumps of a similar nature".--N. Y. Christian Advocate and Journal. "As a specimen of the ease and efficiency with which this pump works, we can state that one, man, working regularly, forced water from this pump, a distance of five hundred and forty feet, being minety-seven feet perpendicular height, which is good work, as every one who is in the habit of raising, water knows."-Scientific American, N. T. "There are no suction valves not complicated fittings; neither chains, pulleys, nor guide rods. It is easily arranged for any motive power, and lifts water to any desirable height without any wast of force. A woman or boy can work it withen as water fifty fact, and a man can raise it one hundred feet all day. The curiesity of it is the absence of all-contrivances which whate, jower. by increasing friction-the motion going directly from the handle to the valve by simple leverage."-The Independent, N.Y. "The construction is simple; and it works with an ease that will supprise these acquainted only with the old fash-ioned order in this line. One of these pumps now, in use in the vicinity, enables us to state that full confidence can be placed in the statement contained in the advertisement." -Presbyterian Hanner and Advocate, Pitteburgh, Pa. "It is calculated to work at any depth desired, and the error ease with which the hicket columns of waters are more

mar8-ly WANTED. A Student in the Western Theological Sominary desires a situation as teacher in some good Academy, or High School Engagement to cominènce by the 1st of May! ## Prepared Glue.

We have received from Messrs. Hunt & Miner a bottle of Lea's Prepared Glue, which is said to be a superior article.

Fire in the Dispatch Buildings. Our neighbors of the Dispatch, were visited to Tuscany must be abandoned altogether. The

with a fire on Tuesday morning, that for a time, threatened the entire destruction of their fine buildings. But by the great exercisions of the buildings. But by the great exertions of the Victor Emmanuel's nephew. Secondly that the firemen, and citizens, the flames were soon sub- Duchies of Modena and Parma may be annexed firemen, and citizens, the fiames were soon subdued. The loss to the proprietors is about \$1,500, on which there is a full insurance. The paper appeared as usual on the next morning, owing to the energy and activity of the firm.

#### Pittsburgh Female College.

Nearly \$9,000 have been recently contributed to the funds of this institution. The Spring session will open on the 28th of the present month, when Rev. Mr. Pershing will enter upon his duties as President. We know Mr. Pershing to be well qualified for the place to which he has been called.

### Peaches.

The Lebanon Star states that the peaches are all dead, in that vicinity. The Ohio Cultivator, also, states that they are dead in various parts of the State, but that some favored localities, however, have them still alive. In Lake and other counties on the Reserve, the peaches are yet un-harmed by the frost.

#### Submarine Cable Project.

QUERRO, March 10.—Parliament, last night, voted \$8,000 per voyage to the Canadian steam-ers, and \$10,000 per year for a telegraph to Belle

Iste, It is projected to'run a submarine cable from some point on the St. Lawrence, at or below the present terminus of the Company's line, to a point on the Labrador shore of the straits of Belle Isle. The channel at the selected place is so nar-row that all vessels passing through the Straits pass within half a mile of the main land. This extension of the telegraph will reduce communi-cation between Europa and America to chemical cation between Europe and America to about six days, as the length of the proposed cable is some five hundred, miles, or nearly two full steaming days' distance. The line is to be completed dur-ing the easuing Summer.

#### Washington.

WASHINGTON, March 10 .- The Secretary of War to day communicated to the House, in com-pliance with a resolution, the report of the Art Commissioners, who recommended an appropria-tion of \$167,000 to be expended for statuary, and pictures for the adornment of the Capitol. They suggest a preference to be given to American artists, and that the embellishments should be of a purely flational character. In this connexion, they do n't speak in complimentary terms of the and and a the state of the second sec

The receipts of the Treasury, during the past week, were \$2,706,000, including treasury notes. The drafts were paid over \$4,000,000. The amount of drafts issued were nearly \$3,758,000. The reduction from the amount on hand, on the week, was \$1,050,000. The amount subject to draft was \$4,778,000.

#### From California, the Isthmus, and South America.

Naw YORK, March 11.—The steamship Atlan-tic arrived to-day at noon, from Aspinwall, with California advices of February 20th. Eight hundred men secured claims in the new quicksilver mines of Leepspleyser mountains.

The weather in Carson Valley had moderated, and but little show was remaining in the valley. The large companies in Virginia had resumed

operations, and would transport ore to San Fran-A ditch company has been formed to turn the whter at Clear Creek, and several mountain streams, into the Placer Gold diggings, at Carson

C. M'KIBBEN & SON, Proprietors.

"One of our newest and most useful inventions of the day is a Double Acting Force Pump, owned by Mr. James M. Ed-ney. It is without packing and without suction, is 'exceed-ingly simple in its construction, and, at the same time, pos-esses all the requirements of a good pump, and can be used either as a well; a cistern, or a ship's pump."-New York Express.

"A boy of ten years of age can work it at fifty feet, and a man at a hundred feet. We have seen one in operation, and consequently speak from personal knowledge. They are adapted to almost every purpose where a pump is required." --Xew Kork Day Book.

"Having seen one of your pumps in operation, we con-sider it the bast we have ever seen for general use; it is sim ple, and can be operated with less power than any pump we have ever known of the same capacity."-Galesston News, Terms.

"At the late State Fair in this city, 'The American Pump' took the premium, and met the approbation of all who examined it."—*Raleigh (N. C.) Register.*"We speak from *personal knowledge*, and say, that of all the pump's we ever saw, we never saw one at all comparable to this: A man can scarce fail to be pleased with them. If you want a good pump get one of these."—St. Louis (Mo.) Christian Advocate.

Donris FERRY, November 7, 1859. J. M. EDXEY, ESQ.—Having one of your newly invented. No. 1 Pumps stretch on my amployers' grounds, at Nints, near Dob's ferry; in a well of sixty-seven feet, and having given it several trials of near an hour each. I find it to raise from eight to ton gallons per minute, with ease, and to my satisfaction. (The Pump has been in constant use for seven months, and is now worked by a windmill.) JOHN IRVING, For F. COTENER, of Cottenet & Athenton, N. Y.

FOR F. COTTENEN, of Cottenet & Atherton, N. Y. NEW YORK, November 7, 1859. J. M. EDNEY, ESQ.:-Having had one of your No. 3 Pumps in successful operation for several months, on my premises at Greenwich, Conn., which forces the water up a hill to the dis-tance of five hundred and forty feet, and to an elevation of ninety-seven feet, I am enabled to state that it has more than met my expectations, and has not only given satisfaction, but evidence of superior capability, strength, and durability. RUERNANN VA NORMADIA 1840

ROBERT M. BRUCE. RICHNOND, VA., NOVEMBER 16, 1859. DRAR SIR :- In regard to your inquiry about the working of the "American Famp," put in for Mr. Willians, in Marci last, our Mr. Williams says, "It is the best Pump he has eve seen," and he "recommends it to everybody in mant." Respectfully yours, AUGUST & WILLIAMS, Editors Southern Planter.

Editors Southern Planter. CONNWALL, N. Y., Juno I7, 1859. DEAN SIR:—The Funip for my well, of forty-six feet, raises, a good stream of water and a constant flow--works easily, and gives me perfect satisfaction. The one for my, cistern under my piszas, forcing water into my tower, forty feet, an-swers the purpose so much better than anything I could find -gives me good satisfaction. Respectively yours, MEW HAVER, CONN., May 16, 1859 & DEAN SIR :--We have had your pump ut in on trial-the water comes-find within check for S39 for the same. (Depth intry-nin feet.) Respectively. F. S. & J. PARKER, (Paper Mills.) INSTITUTION FOR THE DAY AND DURG, Washington Heights, Nov. 22, 1859.
 J. M. EDNER, Edg.—Having had occasion; nearly three months ago, for a pump differing somewhat from those in ordinary uses after inspecting many kinds I met with your iorcular, and soon decided that your pump was just the thing we required. I ordered a No. 2 Pump, the cylinder and piston-of brass; the remainder of galvanized 'iron'. It was well fitted up, works easily and successfully, and has thus far required no readjustiment or attention whatever: Indeed, I regard it as the most durable pump I have soon, and as pos- sessing all the merits you claim for it. ASTORIA. November 25, 1850.

Ressing all the merits you claim for it.
 E. B. PEET.
 Astronaux, November 25, 1859.
 DEAR SIR: —I have had one of your No. 2 Pumps in operation on my premises for seven months, and find it has worked tuiformly well, answering the purpose of two families—being on the dividing line, and working by a double crank or lever. I take great pleasure in recommending it.
 Respectfully yours, JNO. H. MATTHEWS:
 T. H. NEVIN, of Pittsburgh, Pa., (well of sixty-seven feet,) says, March 11: "I am quite well pleased with the Pump; it works very handsomely induced. Find check within: for \$40, and send me another Pump just like mine."
 Messrs. RHODES & DEATS, of San Antonio, Texas, Nor, 5th, say: "We think your Pumps with thirty feet of pipe and rods each."

rods each." D. S. H. DARST, of Gonzales, Terns, October 23th, says: "Find drawings within for a Pump for mining purposes (per-pendicular, one hundred and thirty fiet.) Inclosed find draft for \$230, pay for the abore Pump, and send the remainder to me in No. 1 Pumps with extra pipe."

me in No. 1 Pumps with extra pipe." BRASHER FALLS, Dec. 24, 1859. JAMES M. EDNEY, ESC:-Dear Sir-The American Pump' I bought of you L have placed in a well thirty-three feet deep. We have now tried it thoroughly, and it gives mosif perfect satisfaction. The case of operating it, its exemption from all freezings, its instantaneous production of water, really in my opinion constitute it the Pump of the age, and most admirably adapted to our Northern and frosty climate; Respectfully yours, Warney C. T. HULBARD.
