Central Church. Allegheny .--- Messrs. PAT-TERSON & Co., of Allegheny, have received the contract for the erection of Dr. PLUMER'S new church, corner of Anderson and Lacock streets. The edifice will be eighty-five feet long, by sixty in width, and two stories high. The preparations are now being made to commence the work, which will be rapidly pushed forward.

WESTERN THEOLOGICAL SEMINARY.

It is the intention of the Rev. WM. M PAXTON to enter upon the duties of Professor of Sacred Rhetoric in this institution, to which he was elected by the last General Assembly, at the beginning of the next session. Mr. PAXTON's gifts as a preacher, his pastoral experience, and the attention he has given to this department of theological learning. make him a valuable accession to the present Faculty. Sacred Rhetoric will hereafter occupy a prominent place among the regular studies of the Seminary.

MB. SPURGEON AND THE NOBILITY.

The Presbyterian quotes an exchange as saying:

"This celebrated preacher attended at Abercarn on a recent Wednesday, where he preached in a large field belonging to Mr. Rogers, to at least twenty thousand people. Our informant says that among those present were the Lord-Lieutenant of Monmouthshire, and Mrs. Leigh; Lord Tredegar, Lady Tredegar and family; Lord Llanover, Lady Llanover and family; and a large number of the leading gentry of the country. Previous to commencing Divine worship, it was represented to the great preacher that it would be advisable for the large concourse of people to move aside, to enable the several carriages-and-four to approach nearer the platform, so that the occupants might more easily hear him; upon which he replied that he did not come there. to preach to horses, but to men ; four horses and a carriage would occupy the ground of fifty people, and, therefore, the horses and carriages must remain where they were. We are also informed that after the service the Lord-Lieutenant sent for Mr. Spurgeon and invited him to come to Pontypool ; but Mr. Spurgeon replied that he was sorry he could not comply with his lordship's wish. as he had full engagements for the next two years.

Well, UNITARIANISM has at length one neathen convert, and one missionary to the heathen, in one and the same person. Some time ago a young Hindoo, named Mr. Gangooly, became a convert to the Unitarian faith, and in process of time, supposed it to be his duty to return to his native land for the purpose of enlightening his countrymen. But Unitarianism was somewhat, in the condition of the man who won he elephant in the raffle; they did not know what to do with their Hindoo proselyte. To engage in the work of Foreign Missions was not exactly according to their taste. But after a delay of two years they summoned courage enough to make the attempt, and Mr. Gangooly was ordained a Foreign Missionary two or three Sabbaths ago. The sermon was preached by the

On Sabbath, June 8d, the new edifice, rected at Van Buren, O., by the Mt. Union congregation, was dedicated to the service of Almighty God. The sermon was preached by Rev. Weeks; of Findlay, from Matt. xxviii : 19, 20. After the sermon subscription papers were passed through the crowded congregation, who subscribed about \$575 to discharge the debt that re-

mained on the building. The church is a neat, substantial brick, forty by sixty feet. with a gallery over the vestibule, which is ten feet deep, with a Session-room, ten feet square, on the left of the door. The house is neatly finished, especially, within; and will comfortably seat four hundred or five

mended it to a favorable notice. We still do so, not that we approve of it entirely, but because its general features are excellent.

The principle draw back to our commendation, is, that it presents very much the peculiar views of Dr. SCOTT, relative to civil government; making government. or insisting that it ought to be, in both theory and practice, Atheistic. We had some reason to believe that this unhappy feature in a good man's sentiments, would but seldom, if ever, be apparent in the Expositor. The contrary, however, is the reality. The author's bias is peculiarly manifest. In the number now before us it appears in the articles headed, "How the Inquisition Arose ;" " Religion in the India Schools ;" " State and Church ;" and "The Majority Rule."

It is to be regretted that there should be this hinderance to the usefulness of a periodical which presents Christ and Christian duties, in the Church and in the closet, so evangelically; and our regret is the greater, because that this is the only Old School Presbyterian Journal in the Pacific States

THE YEAR OF GRACE.*

Our readers looked, with absorbing in terest; during the year 1859, for the weekly letters of our London Correspondent, because, in addition to the usual contents, they gave such full and accurate accounts of the great work of grace in progress in Ireland. A history of that precious work, in the form of a volume, has been greatly desired by many. This want is now fully met in a work by Prof. GIBSON, who visited this country that year, and was request ed by the American publishers, to undertake the task which he has now so well completed. The author commences by giving a history of the early plantation of Ulster by the Scotch, in the time of King James, refers to the great awakening that took place immediately after that event. under the preaching of BLAIR, LIVING-STON, and CUNNINGHAM, and glances rapidly over the history of the Presbyterian Church of Ireland, until he comes to the period embraced within the last twenty-five vears. He shows conclusively that during this time the work of the ministry was more faithful, and that a spirit of deeper and more earnest piety sprang up; in fact that during these entire twenty-five years, the seed was sowing that has resulted in the late precious harvest. Then Connor, the birthplace of the Revival, is described; its progress to Antrim, Belfast, and other places, is traced. Much interesting information is given of the meeting of the General Assembly of last year. And the hap py effects of the Revival upon party spirit in suppressing drunkenness, lewdness, and violence, are clearly set forth. The returns of three hundred churches show an addition of eleven thousand persons on examination, while other denominations shared in the blessed work to a greater or less extent.

ion with the Presbytery of Erie. Here he labored with great acceptance for six years. In the Spring of 1854 he removed to Rimersburg, Clarion County, Pa., and took charge of the churches of Bethesda, New Bethlehem, and Middle-Creek. Over the former of these churches he was installed pastor by the Presbytery of Clarion, in the Autumn of 1855, continuing, also, as stated supply to the other churches of his charge. In this field he labored with diligence and faithfulness in the performance of the duties required of a pastor over an extensive charge, and one involving the discharge of many various and arduous labors. His services in this field were increasingly acceptable and not "in vain in the Lord."

The proof of this was manifest during the time of his residence there, and much more so after his departure, in the large ingathering of souls to the fold of Christ in which these churches, in common with so many others in the bounds of the Presbytery of Clarion, were permitted to share during the years 1858-'59

In the Autumn of 1857, Mr. Crane removed to the West, and spent the following Winter in Illinois. The next Spring he removed to and commenced preaching in Indian Town, Tama County, Iowa. Here he labored eighteen months, when he passed away from earth, and went to his rest and reward in heaven. Brother Crane's life, it would thus appear, was somewhat an eventful one.
