We have received several samples of prepared liquid glue, put up in small bottles, by Mr. H. C. Spalding, 30 Platt Street, New-York, and have tried it in mending old furniture. It is a very convenient article for domestic use, and deserves to be kept constantly on hand in every household. It is also a convenient article for pattern-makers and inventors in constructing and repairing their models.— <i>Scientific American, September</i> 3, 1859. St. Nicholas Hotel. We call the attention of our merchants and citizens generally to the advertisement which ap- pears in another column, of the St. Nicholas Ho- tel, Broadway, New-York. This princely palace has accommodations for one thousand guests. A city within a city, having a cosmopolitan com- munity, representatives from every civilized na- tion on the face of the globe. The gentlemen who planned and carried into successful opera- tion, an enterprise like this manmoth establish- ment, deserve the most liberal patronage of the travelling public. We advise our friends visit- ing New-York, to call on Messrs. Treadwell, Whiteomb & Co., with whom we are sure they will feel at home. [ADVERTISEMENT.] Discuss of the Liver. When the celebrated Dr. Rush declared that drunkenness was a disease, he enunciated a truth which the experience and observation of medical men is every day confirming. The many appa- rently insane excesses of those who indulge in the use of spirituous liquors, may be thus ac- counted for. The true cause of conduct, which is taken for infatuation, is very frequently a dis- eased state of the Liver. No organ in the hu- man system, when deranged, produces a more frightful catalogue of diseases. And if, instead of applying remedies, to the manifestations of disease, as is too often the case, physicians would prescribe with a view to the original cause, fewer deaths would result from diseases induced by a deranged state of the Liver.
