ular fortification, with walls forty feet high, and five feet to nine feet thick, with casemates and all the defences of modern fortifications. It cost the United States over a million of dollars, and was intended to proteot Savannah against even the British Clerk. Navy. 1 41

Preparations' for its assault were commenced February 22d, by Gen. Gilmore, then of Sherman's, now Hunter's Division. Thence to the 10th of April, when the bombardment commenced, was forty-six days. The works being all in reach of the guns of the fort, had to be constructed by night. during the year closing April 1st, a settle-They were on Tybee Island, consisting of ment in full with pastors and supplies, eleven batteries, mounting sixteen mortars, Clinton, Heyworth, Deer Creek, and Toten Columbiads, five Parrott guns, and five wanda. All others delinquent or unre-James' guns, ranging at distances of one to ported. two miles. The firing commenced on the morning of the 10th, and by night there were two or three small breaches in the South-east side of the fort, near an angle. It was at this point the Parrott and James' guns were directed; the mortars aiming to of the Assembly. throw their shells into the fort, over the walls. During the night the firing was but occasional. It commenced again early in General Assembly; and Rev. S. H. Stethe morning of the 11th, and by noon the breach in the South-east wall was very large: ber 23d, 1862, at 7 P. M. Arrangements then commenced for an infantry assault by the breach. This must have caused great loss of life; but it was prevented by the enemy surrendering. Our captures, besides the fort itself, are fortyseven guns, seven thousand shot and shell

forty thousand pounds of powder, three hundred and sixty prisoners, with their small arms and accoutrements, and a good supply of provisions. Only one of our men was killed, and one wounded. The loss of the rebels was three wounded.

The rapidity with which the Fort was which will have an influence for good. reduced, is astonishing. It shows the perfectness of the preparations, and the immense power of the projectiles. Europeans are learning the art of war from us. The en-Pittsburgh, on Wednesday evening of last week, gagement of the Monitor and Merimac, and the effect of the latter's assault upon our wooden-built vessels, has already inaugurated a revolution in English ideas of naval warfare and harbor defences ; and the speedy reduction of Pulaski, will impel and reërect his printing press. His address them still onward.

From COM. PORTER'S FLEET, at the entrance of the Mississippi, we have no certain tidings. Appalachicola, Fla., is said to be abandoned by the rebels; and Pensa-to be abandoned by the rebels; and Pensacola is nearly descried.

Unionism at the South. and yet there is not a single spool of Coates sewing thread South of Mason and Dixon's line We hear many complaints of a want of a display of Union feeling at the South, as They cannot make a lock and key with which to bar their doors, and there is not a yard of calico our armies advance. There is so little of it in the town of Knoxville. manifested that many of our letter writers and politicians affirm that the thing scarce-FORTRESS MONROE, April 19 .--- Thirty-nine ly exists. We still hold to our former opinion that much of it is there, and will be developed. Its not being manifested, is owing to two causes. One of these is the Gen. Magruder's report of the same fight, in the doubt respecting what kind of a Government is to be established. If the people wounded. could be assured that things would be as in days gone by, they would be numerous and loud in their calls for peace; but under the doubt and uncertainty, caused by Northern threats of subjugation, confiscation, would wait to starve them out. Slight expectaabolition, and proscription, and under the tions prevailed that the rebels would attack gunboats in the river, mounting twenty-four

Guyon's return from Rome was regarded parents being pious, devoted her to God in bap-The Paris correspondent of the London Daily tism, and brought her up in the nurture and ad-News says the difference between England and monition of the Lord. Her father, Adam Black, France in Mexican affairs is very ticklish. It Esq., died in 1816. Mary Black, her mother, continues to be given out that Spain agrees with died in 1841. The subject of this notice was It is rumored that King Victor Emmanuel married in 1818 to Mr. Thomas Brandon. They were both admitted to full membership of the church of Centre, of which the writer was then pastor. Mr. Brandon died of consumption in the Spring of 1820, leaving a youthful widow

with an infant daughter; in five months after the death of the father, a second daughter was born. In these circumstances she found God to

be faithful to his covenant, in enabling her to educate her children and to bring them up in the fear of the Lord. In 1837 she became the third wife of the writer of this memoir, and he is happy to testify that she was an help-meet indeed.

He that sits as a refiner and purifier of silver, in order to purge his people as silver and gold is tried in the fire, saw good to administer to her much salutary discipline. Besides the loss of her parents and husband, she attended to the He that sits as a refiner and purifier of silver,
