The Presbytery of Richland met at Havesville, on the 5th inst. The meeting was fraternal, pleasant, and harmonious. The usual Spring business was attended to. The following Commissioners were appointed to attend the next General Assembly, viz.: Ministers, James Rowland, principal, and John Robinson, alternate; and elders,

Joseph Wassan, principal, and Jesse Kerr. alternate. The following Overture was presented and acted upon, as shown by an extract

from our Minutes: "In the present state of the country's trial, is it right for any of our ministers to preach in such a way as to weaken the confidence of the people in the Government, and discourage them from a vigorous and successful prosecution of the war to a just and successful issue?"

Pemberton had a most formidable position on the crest of a wooded hill, over which the road passes longitudinally. He had about 25,000 men. The battle began at 11 A. M., and was gained at 4 P. M. Its brunt was borne by Hovey's division of M'Clernand's corps, and hy Logan's and Crocker's of McPherson's corps. Hovey attacked the hill and held the greater part of it till 2 o'clock P. M., when, having lost 1,600 men, he was succeeded by Boomer's and Holmes' brigades of Crooker's division, by which that he was compelled to escape by his right burg, the Mississippi will be open its entire flank through the woods. Logan lost 400 killed length. and wounded. We took about 2,000 prisoners. (Signed) D. D. PORTER. On the 17th, advancing to the Big Black, we fought Pemberton again at the bridge there, and captured three thousand more prisoners. He

fought in rifle pits, protected by a difficult bayou, full of abattis. Lewis's brigade, of M'Clernand's corps, charged the rifle pits magnificently, and took more prisoners than their own numbers. Pemberton burned his bridge, and returned to

Vicksburg with only three cannon out of sixty that he had taken out. Grant arrived before the town on the evening of the 18th, and now holds it closely invested. He had opened a line of supplies via Chickasaw bayou, having cut the town off from Haines Bluff, which is abandoned by the enemy, and which Gen. Grant will occupy. There was sharp fighting through the day, yesterday. Steele won and holds the upper bluffs and the enemy's upper water batteries,

and gets water from the Mississippi. Sherman's corps lost yesterday five hundred killed and wounded. McPherson, who holds the centre, lost as little as did M'Clernand, who holds the left. The gunboats kept the enemy alert during the night, and probably the town will be carried to-day. There are from 15,000 to 20,000 men

Town of Richfield Captured by Guerrillas. St. Louis. May 25.—The guerrillas captured the town of Richfield, Clay County, last Tuesday night, after a short fight, in which Capt. Ses sions and Lieut. Gravenstein was shot by the guerrillas after the surrender, and i is feared that other prisoners were also murdered. The town was robbed of every thing that could

be carried away.

May 26.—Rear-Admiral A. H. Foote has entirely recovered from the wounds received at Fort Donelson. He laid aside his crutches about three weeks since, and has offered his services to the Secretary of the Navy, ready for a command affoat; and anxious to again take an active part in subduing the rebellion. He is now, as he has been since his partial recovery, at the head of the important Bureau of Equipment and Recruiting for the Navy, in this city.

The payments made to the army within the last fortnight have amounted to \$21,000,000. There are still unpaid \$16,000,000. The troops yet unpaid are General Grant's, Gen. Rosecrans Schenck's, Gen. Heintzelman's, and Gen. Peck's. The money is all ready for the Potomac en route to all the coast expeditions.

In pursuance of the treaty between Great Britain and the United States, Judge Pringle sailed on Saturday, in the City of New-York, for Europe, en route to Cape Town. Africa, to act in concert with a British Judge in the adjudication of captured slaves on the African coast.

By a telegraphic blunder, the President's Proclamation for a National Fast Day was set in California for April 16th, instead of the 30th, and that day (the 16th) was observed in California as fast day—banks and stores were closed, and the Legislature adjourned over.

A FALSEHOOD EXPOSED. For some time past an advertisement has appeared in the papers here, stating that Five Gold Medals had been awarded "the Howe Sewing Machine" at the late World's Fair in London, "one for the best on exhibition for all purposes, and the others for superior specimens of sewing." Though aware at the time that the statement was wholly devoid of truth and a gross imposition on the public, we forbore noticing it until such time as we could get an official copy of the Report of the Judges in the matter, so that we could give it a positive and authority of the Commissioners of the Exhibition, is now in our possession, and shows how utterly; untrue are the statements in the advertisement alluded to.

At the World's Fair the WHEELER & WILSON Company had but a single Machine on exhibition, while-of the Howe Machine there were several on haid. In the official copy of the award, which may be seen at our room's 2T Fifth. Howe Machine there were several on hand. In the official copy of the award, which may be seen at our rooms, 27 Fifth street, it is stated that a Gold Medal was awarded the Howe Sewing Machine Company, not, however, because their Machine was better, or as good as others for all purposes, but because, in the language of the award, they exhibited "the best collection."

The "four medals" alleged to have been awarded for superior specimens of sewing were never a warded for superior specimens of sewing were never a warded for superior specimens of an 'honorable mention" in the Judge's Report. Compare this with the high compliment bestowed on the WHELLER & WILSON MACHINE. Though the Company, avoiding all pretentious display, had but a single

These are the facts of the case as exhibited by the official report of the Commissionera, and in justice to ourselves, as well as to expose a palpable and flagrant attempt at imposition, we have felt censtrained to lay them before the public. We'repeat, therefore, that the WHESLER & WILSON MACHINE IS THEONLY MACHINE WHICH RECEIVED A GOLD MEDATOR IN MERITS AT THE LATE WORLD'S FAIR, and pronounce all statements to the contrary, no matter from what source they emanate, as wholly unworthy of belief.

Although not disposed to favor or recommend Patent, Medicines in general, through distrust of their ingredients and effects; I yet know of no sufficient reason why a man may not testify to the benefit the believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident rollef, and restoration to a degree of bodily and mental vigor which Thad not felt for six mouths before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.
