### A GRANDMOTHER

by Paul J. Raber

A grandmother is a lady  
A grandmother is a lady alone and gray  
Who sits by herself all the live long day,  
Wishing for someone her thoughts to share  
As she did when her children were young and  
all there.

They leave her alone to make their own way,  
And forget that she loves them each hour of  
the day.

Yearning to see them to show that she cares  
As she sits alone in her old rocking chair.

Now's the time to get  
your winter shoes.
