teacher recommendations, test results, work experience and activities. On the basis of these facts, DHS selects students for Vo-Tech openings and forwards

these students' records to the Vo-Tech school.

Providing a student with valuable work experience and giving him an opportunity to become involved in

various Vo-Tech organizations, Vocational Education offers the incoming student the beginning of a truly enjoyable education experience.

If, after careful consideration, a student feels that Vo-Tech may be the right educational choice for him, he could secure an application from his guidance office.

To be eligible for admission to Vo-Tech, a student must have completed the ninth grade requirements or have received a recommendation from his high school principal. The following criteria are generally reviewed when selecting students for Vo-Tech programs: academic record, attendance pattern, physical and emotional handicaps,
