The 1976 Donegal High School Science Fair was held on Thursday, March 11, in the high school gym.

The senior high and junior  
(Continued on page 2)

Winners at the 1976 Donegal Science Fair were:  
**Grand Champions:**  
Senior High School-Barbara Landis, grade 11  
Junior High School-Phillip Landis, grade 8

### Grade 7:

1st place-Cindy Peifer;  
2nd place-Bill Livelsberger;  
3rd place-Kevin Dishart; 4th place-Bonnie Drace; and 5th place-Jon Horst.

### Grade 8:

1st place-Philip Landis;  
2nd place-Donald Arnold;  
3rd place-Dennis Ebersole;  
4th place-Gary Eshleman;  
and 5th place-Sam Clark.

### Grade 9:

1st place-Dean Bricker;  
2nd place-Deborah Heistand;  
3rd place-Wendy Hawn;  
4th place-Curtis Thompson;  
5th place-Jonathan Ruhl;  
and 6th place-Russell Knight.

high grand champions were sister and brother.

Barbara Landis won the grand championship, and Phillip Landis won the jr. high grand championship.

### Biology:

1st place-Eileen Penyak; grade 10; 2nd place-Grant Markley, grade 11; 3rd place-Cheryl Felty, grade 12; 4th place-Greta Weidner, grade 12; 5th place-Mimi Ginder, grade 10; and 6th place-Peg Shenk, grade 12.

### Chemistry:

1st place-Jacob Shirk, grade 11; 2nd place-Deanna Grimm, grade 12; 3rd place-Mark Weidman, grade 11; 4th place-Steven Shope, grade 12; 5th place-Karen Greider, grade 12; and 6th place-Mitchell Nissley.

### Physics:

1st place-Gregory Lindemuth, grade 11; 2nd place-John Fellenbaum, grade 12; 3rd place-Ted Hershey, grade 12; 4th place-David Engle, grade 10; 5th place-Joe Meszaros, grade 12; and 6th place-Kevin Milligan, grade 12.

## Letter: Chief Kline asks citizens to avoid fire & accident scenes

It has come to my attention that in the past few months, that in emergency situations such as fires and accidents where emergency vehicles must respond to the scenes, they have been hampered severely by the amount of public citizens and vehicles that are responding.

This is hampering the emergency vehicles and working personnel at the scene, and in getting to the scene.

I realize that this is the age of the CB radio and monitor, however, if used properly they would be a benefit instead of a hazard.

I am asking your cooperation in eliminating this situation, by not following

the emergency vehicles to the scene of such emergencies. However, if this should continue I will take further steps to eliminate this hazard.

Furthermore I wish to advise the public that when the Fire Co. is dispatched to the scene of any emergency, the fire police have full police powers and I will request that if anybody fails to comply to a lawful order by them at the scene of such an emergency I will request that they take proper action.

Therefore I will again ask your cooperation in this matter and request that you stay away from such emergencies.

Respectfully,  
J. Bruce Kline  
Police Chief

## Marietta boro council reports

Marietta Borough Council voted to close a portion of Cherry Alley at its March meeting.

The alley will be closed between the Railroad House and the Jerry Martin property. The borough retained a right of way on the alley, which is impassable for vehicles, because a brick storm sewer arch runs under the road.

The Bicentennial committee got permission to close Market St. from the Community House to the Marietta Theater on Sat. and Sun., September 18 and 19. A craft demonstration and flea market will be held on those days.

No parking will be allowed after midnight Friday or after 7 a.m. Sunday. The street will be open to traffic

Saturday night only.

Policing and cleaning up the street will be financed by the bicentennial committee.

An insertion requiring one sturdy handrail on all stairways was added to the housing ordinance. Stairways having a rise of 4 feet or more than 3 steps must have a sturdy hand railing. State regulations for dwellings also require a hand railing.

39 ordinance violations were reported. Ten persons were prosecuted for various offenses.

Council will file for available state funds for street repairs and snow removal.

Specifications for a new borough truck will be advertised.

## Earth to be moved for E. Don. ballfield

At last week's meeting the E. Donegal Supervisors awarded a \$13,515 contract to B.R. Kreider and Son, Inc. to move ground for a 2d baseball diamond in the township park.

The state is paying 1/2 the cost of the park

improvements, so the contract had to be approved by the Dept. of Community Affairs in Harrisburg. Approval came through last week.

Work will start as soon as the weather permits.
