C.B. Social to register radios

Tri-County C. B. Social, Inc., has just completed plans to hold an operation identification at the Marietta Fire Station on May 8, 1976. The purpose of operation identification is to register items that are frequently stolen from houses and vehicles. These items, C. B. radios, tape players, F.M. radio converter, and the like, are a target for thieves looking for a fast resale.

How does Operation Identification work? You bring your C.B. radio or tape player, or whatever the item to a "Tri-County In-graving Break." Volunteers will engrave the item with

your license number, social security number, or any other request that can only be traced to you. Then you fill out a paper listing the items, which is turned over to the police.

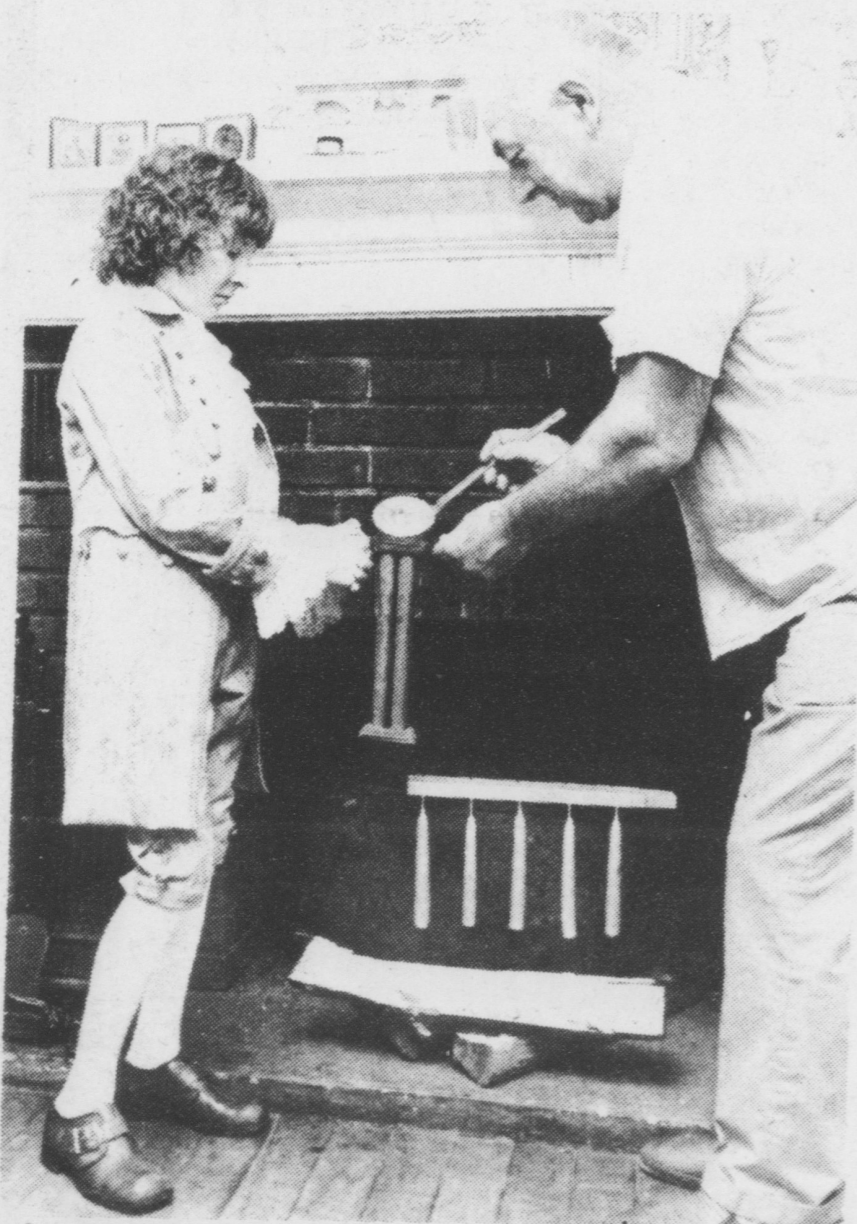

If that article is ever stolen or lost the police department has a record of all markings that are on the article. Also, Tri-County Club will supply you with a sticker to put on your dashboard or house window, stating that the items have been registered with the police. A sticker is also available for the item itself. The free service is sponsored by the above organization and the Marietta Police Department.

James Millar, Marietta Police Chief and Kenneth Geesey, Pioneer Fire Chief will be on hand to give some helpful hints on protecting valuables from being stolen.

Road distress flags will be offered for sale at the same time by the sponsoring group. The set of four vinyl posters with a self stick back depicting for common road emergencies: breakdown, injury, out of gas, and flat tire.
