

Mount Joy Township Authority to discuss proposed sewer plan

Mount Joy Township Authority, West Donegal Township Authority, and Elizabethtown Borough Authority will meet with the Department of Environmental Resources to discuss financial responsibilities in the planned sewer project for the three areas.

The meeting will be held June 9 at 1 p.m., in Harrisburg.

Engineer Robert Shaffer said the right-of-ways for the proposed sewer lines were about 99 per cent complete. He hopes to have a full report ready by the next meeting.

Robert Hoover, Hummelstown, an investor, questioned the time schedule for the sewer project.

Hoover owns property along Route 743, at the Mt. Gretna-Hershey Roads area. He indicated that he would like to further develop that land and is interested in a time schedule.

The area already has a Weis Market and a branch of the Elizabethtown Trust Company Bank located there. A Pizza Hut is expected to be completed sometime in the Fall.

Hoover said he hopes to put 100 to 150 apartments in that area at a cost of \$1,450,000. Shaffer said once the authority is told the funding is available, it would take about six months until the bids would come in and 18 months to two years for actual construction.

Questioning the board

members on a petition presented to increase the number of members from five to nine, Mrs. Donald Yoder, Elizabethtown R.D. #3, asked whether or not that petition meant anything to the present membership. She received no direct answer. She was informed at a previous meeting that to change the number of members, a change in the by-laws would be necessary.

One authority member said he was not sure just how the signatures were gotten for the petition, so he could not say he was affected in his thinking about it.

Mrs. Yoder said she would be back with another petition with even more names.
