WE NEVER TAKE A VACATION!

Here at Hinkle's, we're prepared to serve you 52 weeks a year, including our 24 hour emergency service. Since 1893, our most important function has been the compounding and dispensing of prescriptions.

We believe this responsibility goes a lot further than the actual filling of your physician's prescriptions.

First, by seeing that our facilities and equipment are the latest modern available and second, by constantly improving our service, so it is as helpful and complete as we can make it.

We maintain a very large inventory of chemicals and pharmaceuticals so that regardless of the nature of your prescription, whether it be a basic medication or a rarely used vaccine or serum, we will be able to properly fulfill your medical needs.

Our professional staff is also kept up-to-date on the most recent medical developments, by attending seminars and courses made available to our profession throughout the course of a year. We invite your inquiries or questions to our pharmacists at any time.

Free delivery service always to people in the area receiving the Susquehanna Times.
