WE HAVE THE FARM BOSS AND IT IS A STIHL.

IT STARTS EASIER.

Because of a hotter spark, better carburetion and a flood-free design.

IT'S MORE RELIABLE.

Because it has longer-wearing moving parts that won't break down.

IT'S MORE POWERFUL.

Because it has the biggest power to weight ratio of any popular saw.

IT'S QUIETER.

Because its large baffled muffler is more than just a tin box.

IT COSTS LESS.

Because a saw that'll last about twice as long will only cost about half as much.

Over \$30 worth of free accessories including a spare cutting chain really make the Farm Boss a Stihl.
