Mount Joy council delays pigeon eviction, needs \$\$\$

Mount Joy Boro Council received a letter from J. L. Sampson, attorney, requesting the council order the removal of pigeon coops from a tract of land between Hill Street and Water Street, Mount Joy.

Sampson is the attorney representing Councilman and Mrs. James Heisey, Water Street, and Mr. and Mrs. Willis Heisey, Water Street, in their opposition to the pigeon coop site. The pigeons are owned by Robert Kline, Angle Street, Mount Joy.

W. Jeffrey Sidebottom, solicitor for council, told that body they were under no obligation to honor the request since there was no imminent danger to health and welfare of the citizens of Mount Joy. Sidebottom

stated that, since there is an appeal concerning the fate of the coops in the Lancaster County Court, council could well take a 'wait and see' stand, especially since council is not a party to the appeal.

Council moved to follow the advice of their attorney. The decision was 8 to 0. Councilman Heisey left the meeting immediately before the question was posed. It was the final question on council's agenda.

In other business council approved an ordinance to guarantee the Mount Joy Borough Authority's 30-year bond issue to finance the \$2,780,000.00 water treatment plant project.

The council also approv-

ed an ordinance to change the name of the authority from Mt. Joy to Mount Joy Borough Authority and to extend the life of the authority for 50 years. This action was taken to accommodate the 30-year bond issue.

Highlights of the proposed budget for 1977 were given a quick look. Councilmen said the budget is just a proposed budget and some more work is needed before action can be taken. The proposed budget is in the range of \$360,000.00 to \$385,000.00 The budget increases could amount to six mills. Where council will get the money is the big question. A six mill increase in tax is not likely. Other fund-raising ideas,

such as increase in garbage collection fees, cut in services, etc. were mentioned. No decision can be made until the proposed budget is given a more careful study. The proposed budget is in the boro offices for anyone's perusal.

A mill in the Mount Joy Borough represents about \$6000.00. This means council must somehow come up with approximately \$36,000.00.

Councilman Ammon Smith explained a resolution had its first reading at Monday night's meeting. Smith said 1 mill, and no more than 10% of the budget could be placed in [continued on page 8]
