## Fire company meets

Friendship Fire Co. No. 1 brought its monthly meeting to order November 4 at 7:30 p.m.

Chief Frank Good reported that four accident calls, three industrial calls, one trash call, and one row house call were answered in October, as well as one service call to wash down a storm sewer.

Tom Markley, Chief Engineer, reported the generator damaged at the NCR fire has been repaired and that everything was in order when the 1974 Hahn was recalled by Hahn Motors.

The company also discussed the lack of heat in the meeting room. The department stated that to provide more heat would be too expensive. It was suggested that higher rates to renters be set to help cover the expense and that the current heating system be updated.

Leo Shank reported on bids for oil companies. The department accepted Garber Fuel Oil Co.'s bid.

Two new active members, John R. Lutz and Clyde Miller, were accepted. Chris Snyder, a new emergency medical personell, was also accepted.
