

Retirees can save on tags

Sen. Ralph W. Hess, R-28, reminds all retirees with an income under \$7,500 a year that they are eligible to get license plates for their car for a \$10 processing fee.

"It means a considerable saving now that license plates cost \$24," Hess said. "I certainly hope everyone who is eligible takes advantage of this reduced fee."

Hess said applications for the \$10 registration fee can be obtained at this office, Box 216, Spring Grove, Pa 17362.

Hess noted the special fee is just one of many programs the Legislature has enacted on behalf of the Commonwealth's senior citizens.

The application, which is about the size of a postcard, requires the title number, serial number and registration number of the retiree's vehicle and the individual's signature. If the vehicle is jointly owned, as is often the case with a married couple, both must sign the applications. If the vehicle is jointly owned, then the combined income of the two people cannot be more than \$7,500 a year.

The application must be returned with the regular vehicle registration form that every vehicle owner receives in the mail and a check for \$10 payable to PennDOT.

Free admission for youth groups

Youth groups in Lancaster County can attend intercollegiate basketball, wrestling, and swimming contests at Franklin and Marshall College as guests of the College this winter, it was announced this week.

Bruce Holran, F & M's public relations director, said the invitation is extended to scout units, church groups, sports teams and clubs, and any other youth organizations.

"Invitations have been mailed to the 30 or 40 groups which have participated in our Youth Day at one home football game each fall, but other groups as well are very welcome to visit Maysers Center to see a basketball game, a wrestling match, or a swimming meet," Holran said.

Adult leaders can call Holran at 291-3981 to order tickets or to request a winter sports schedule for all of F & M's athletic teams.
