Welding

# Local groups can get federal \$ for projects

A meeting to help decide how to spend government money will be held today, Jan. 5, at 7:30 p.m., in the Mount Joy Boro office.

The meeting is one of the first steps in the process by which Lancaster County prepares its Community Action Program for 1977-1978.

The Community Development Program is a Federal grant being implemented under the Housing and Community Development Act of 1974. The primary objective of the Program, as stated in the Act, is the "development of viable urban communities, including decent housing and a suitable living environment and expanding economic opportunities, principally for persons of low and moderate income." The specific activities for which grants may be ob-

tained cover a broad range, including such diverse areas as housing, utilities, community facilities, historic preservation, and human services.

The agenda for the above meetings will include an explanation of the Community Development Program, a status report on the projects fund under the first two years of the Program, discussion of the procedure for local municipalities and organizations to apply for funds, and a review of the process by which the County will decide which projects will be included in its application for 1977-1978.

All funding requests from local government and other organizations will be due at the Redevelopment Authority of the County of Lancaster by January 28, 1977.
