Scout leaders visit Georgia

Twenty-nine adults from Penn Laurel Girl Scout Council visited the birth place of Juliette Low, founder of Girl Scouts, in Savannah, Georgia, February 11-14.

Mrs. Low's niece, Mary Stuart, came as special guest to tour the home with the local adults while they were on tour. She lived in the Gorgon home as a child and was one of Juliette's favorite niece's.

An investiture ceremony followed the tour for three new scouts in the group. All those taking the tour

received a "birthplace pin" during the ceremony.

The group also toured the home where "Daisy" lived after she married William Low. There it was that she established the first girl scout headquarters, in the carriage house.

Two local women from Donegal Neighborhood were members of the tour: Ella Gainer, co-leader of Junior Troop #32 Mount Joy, and Nancy Kopf, co-leader of Junior Troop #32 and the Donegal Neighborhood Coordinator.
