The Donegal Pacers; from left to right are; front row- Dave Halbleib, Chuck Leader and Gayne Deshler; back row- Tom Knorr, Chuck Portser, Glen Leib and Bob Freund.

The "Donegal Pacers" are 7 teachers, each of whom runs an average of 6-10 miles a day.

All 7 are getting thinner every day—and they're developing strong lungs, hearts, and legs in the process.

Charles Leader and Dave Halbleib were the first teachers to start running on a regular basis. They were soon gained by Gayne Deshler, Bob Freund, Glen Leib, Tom Knorr, and Chuck Portser.

Most Pacers like to race. Leader and Halbleib are veterans of the York Turkey Trot, and a total of 5 Pacers have competed at least once. The group plans to enter the Jim Thorpe Memorial Run (6.2 miles, May 1), The Newark Delaware run (6.2 Miles, May 7) and the Daniel Boone Freedom Run (7.7 miles, May 29).

A couple of members are eyeing the grueling, 26 mile Boston Marathon. Winners in these events are usually rewarded with a T-shirt or certificate, so you have to love running to enter.

Anyone who wants to join the Pacers should meet them after school near the DIG gym.

There they go.

No posters on poles

By PA criminal law codes, it's a summary offense to attach political posters to public utility poles.

PA Power & Light Company is again reminding political interests within its service area to refrain from using utility poles for signs and posters.

"Chances of an accident to a lineman scaling a distribution pole are increased when unauthorized tacks,

staples, and other fasteners adhere to the pole," Arch G. Knisely, PP&L's community affairs manager, said.

A plea to avoid utility poles as posters supports is renewed before every election. Primary elections will be held May 17 in this year.

A side benefit is the improved appearance of highways and thoroughfares which are not littered with advertisements.
