Well Child Clinic

Well Child Clinic sponsored by the State Health Center, Lancaster, will be held Thursday, June 2 and Tuesday, June 7. Clinic is open 9 to 11 a.m., at the Community Building, 258 West Market Street, Marietta. Immunizations, physical examinations, and parent counseling are available to children seen at the clinic.

The public health nurses also invite all community

persons interested in having their blood pressure taken to come between 11 a.m. and 12 noon on the same days.

Research has uncovered two rather startling facts about high blood pressure. One—it's more dangerous than was thought only a few years ago. It is a major contributor to heart attack and stroke. Two—it can be controlled in almost all cases.

The American Heart Association encourages everyone to have his blood pressure checked. If it's high, only your doctor can suggest proper treatment. Only you can make it successful by following his advice.

Free blood pressure checks are available at Sloan's Pharmacy, 61 East Main Street, Mount Joy, Tuesdays from 2 to 4 p.m.
