

Spring Festival in Maytown

by Carlotta Zuch

A small indian gets war paint at the Maytown festival.

This one was popular. If the ball hits the center disc of the target, a mechanism is activated which releases a latch holding up the bar on which Principal Lawrence is sitting, thereby dunking him into the icy water in the vat below. He got wet.

The Maytown Parents/Teachers in Partnership held their Spring Festival on Saturday, June 4 on the Maytown School Grounds.

There was something for everyone, including games such as Penny Pitch, Goblet Toss, Plate Breaking (with teachers names written on to give added incentive), Fish Pond, Make-up Booth, Balloons, Cane Toss, and Duck Pond. There also were stands with items for sale including the Children's Delight Bake Sale, Lollipop Tree, plants, jewelry, books, games, toys and a huge yard sale. Refreshments also were available.

The main attraction seemed to be the Dunking Booth. Some of the brave (brrrrrr) teachers who volunteered were Mrs. Bateman, Mrs. Wise, Mr. Forry and Mr. John. Mrs. Mylin and Mr. Lawrence braved the cold morning air to get dunked first!

The weather cooperated to give us a beautiful day.

Roy Matheny of Maytown was the winner of the afghan which was chanced off. Winners of the Cake Walks were: 1st Walk - Ron Hughes and 2nd - Kevin Fantom.

Due to an oversight, Mrs. Siegler's second grade class was missed in the Poster Contest. The winner was Scott Brallier who received \$2.00 worth of fair tickets. Our apologies to Mrs. Siegler and her class!

The PTP wishes to issue a special thank you to all the teachers, parents and students who cooperated and worked so hard to make the Festival a huge success!!!!

John E. Zeller retires from AC&S

AC and S Corporation has announced that John E. Zeller, Manager, Construction and Labor Relations, will retire on July 1, after more than 40 years with the firm.

A Lancaster native, Zeller is well-known nationally in the insulation industry. He was a former chairman of both the National Insulation Contractors Association's (NICA) Contractor Review Committee and the NICA Labor Committee.

In 1974, Zeller was honored with the NICA Contractor of the Year Award.

Zeller began his career as an estimator and then moved into various management positions, includ-

ing contract officer, and general construction superintendent. In 1958, he became AC and S' Manager, Construction and Labor Relations.

Among his responsibilities at AC and S have been the development and implementation of estimating policies and procedures, execution of contracts within their estimated cost, and labor relations, including reviewing labor agreements and handling labor problems with the national offices of the various construction craft unions.

Zeller has also been involved with the development of the new computer estimating system, recently unveiled by AC and S.

Zeller has written articles which have appeared in national insulation magazines, and is a lecturer on insulation, contractor and labor subjects.

A graduate of Williamson Trade School, Media, Pa., Zeller resides with his wife, Hazel, on Pinkerton Road in Mount Joy.

AC and S is a Lancaster, PA-based specialty contracting firm, specializing in thermal insulation for industrial and commercial applications. The company has offices throughout the United States and Canada.
