

Engagements

Shue-Schmoel

Mr. and Mrs. C. James Shue, 944 W. Main St., Mount Joy announce the engagement of their daughter, Miss Sandra Jean Shue, to Larry E. Schmoel.

The bride-elect graduated from Donegal High School. She is employed by Landisville Bakery.

Mr. Schmoel is the son of Charles E. Schmoel of Tempe, Ariz. He is also the son of the late Mrs. Eleanor Schmoel. He graduated from Milton Hershey School. He is employed by Way Oil Co.

Denlinger-Miller

Mr. and Mrs. Raymond C. Denlinger, Marietta R1, announce the engagement of their daughter, Miss Barbara Ann Denlinger, to Karl E. Miller.

The bride-elect graduated from Donegal High School. She is employed by Donegal Mutual Insurance Co., Marietta.

Mr. Miller is the son of Mrs. Dorothy J. Miller, 773 Kayo Ave. He is also the son of the late Abram H. Miller. He graduated from Hempfield High School. He is employed by Armstrong Cork Co.

Nicholson-Hiestand

Mr. and Mrs. Nicholas G. Nicholson, of Rockville, MD., announce the engagement of their daughter, Denise Ann, to Christian James Hiestand, son of Mrs. Mary G. Hiestand and the late Christian J. Hiestand, of 105 S. Arnold St., Maytown.

The bride-elect is a 1973 graduate of Robert E. Peary High School of Rockville, Md. She was an art major at Montgomery College in Rockville, Md.

She is an artist now doing charcoal and pastel portraits at the Alpine Slide, an authentic mountain slide in Gilford, New Hampshire.

Her fiance is a 1969 graduate of Elizabethtown Area High School.

He attended Philadelphia College of Bible for two years in biblical studies, and received his B.A. degree in biblical studies from Florida Bible College in 1974.

He also attended Miami Photography School, and received a one-year diploma in portraiture from Rhode Island Photography College.

Hiestand is part owner and manager of Genesis II, a jewelry store.

The couple plans an outdoor wedding for September 10, 1977 at the Anchorage Cottages on Lake Winnisquam.

Heating

Cooling

If you're planning to buy an electrically heated home...

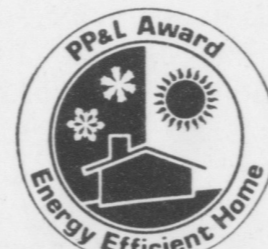

Energy-Efficient Homes Offer More

Chances are, you've heard about heat pumps lately. And for good reason. In cold weather this unique system actually "extracts heat" from outside air to heat your home. In summer, the process is reversed and heat is "pumped" from inside your home to cool it. The result? Clean, quiet and dependable comfort, year-round.

Installing a heat pump and air distribution system today will provide you with many options for the future, too. For example, solar

energy equipment or a fuel-fired furnace can be combined with the heat pump to expand your future energy options and help keep your heating costs at a minimum.

That's why, if you're thinking of a new electrically heated home, it'll pay you to look for one that qualifies for the Energy-Efficient Home Award. It's your assurance that you'll be getting the most practical energy-saving features in home building today.

If your builder is not familiar with the requirements of an Energy Efficient Home, call PP&L.

Ask for a residential consultant who can supply you with materials and equipment specifications and builder information.

PP&L

Interested in solar-assisted hot water systems? If so, you may qualify for a \$400 grant offered by the Governor's Energy Council. For more information, call 1-800-880-8400 (toll free).
