

Paul and Gretchen Cline, Camp Hill, Pa.

We showed the Cline Family how to save energy.

With A Free Home Survey

Let us do the same for you. If you're a homeowner served by PP&L, you're eligible. We'll survey your home and tell you exactly how and where you can save energy . . . electricity, coal, gas or oil.

There's no charge for this service. No obligation. It's absolutely free!

Our energy conservation consultant goes over your home with a checklist of more than 2 dozen items. This includes things like insulation . . . doors and windows . . . weatherstripping . . . furnaces and ducts . . . water heaters and piping. All are evaluated for energy-saving, money-saving potential.

A written report of the survey results can then be released to you on-the-spot. Then whatever improvements you want to make are strictly up to you.

Don't miss this special offer . . . mail this coupon now!
