Flower goes berserk

Mary Welsh (left) & Andrea Nornhold (right) & the sunflower.

Graybill Gorman doesn't know why one of his sunflower plants produced 30 blooms.

His wife planted the seeds, just like she does every year. For some mysterious reason, one of the many sunflowers that decorate the Gorman

home at 140 Longenecker Ave. in Marietta went into a reproductive frenzy.

"I'll tell you the truth; I've never seen anything like it," commented Mr. Gorman. Neither have we.

... reads Bible to tomatoes

[continued from page 1]
Dr. Stauffer decided that the tomatoes could not hurt him if he accepted them as a gift from the Lord, and his allergy disappeared.

He started growing his own tomatoes after that, using peat moss, cow manure, and prayer. When the tomatoes developed a fungus earlier this summer, he says, "I read the Bible and the Riot Act to them, and it cleared right up."

Dr. Stauffer's favorite passage, for the tomatoes, is from Malachi 3; "Bring ye all the tithes into the storehouse that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room to receive it.

"And I will rebuke the devourer for your sakes, and he shall not destroy

the fruits of your ground, neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts."

His gardening practices are just an extension of Dr. Stauffer's faith. "I don't know how to explain a miracle; nobody does," he says. "But I know that God can do anything; and if you have faith, he will provide for all your needs."

Dr. Stauffer is president of the Mount Joy Chapter of the Full Gospel Businessmen's Fellowship International. The group's next meeting will be held Friday evening, Sept. 16, at Hostetter's dining hall in Mount Joy.

"All men and women are invited," Dr. Stauffer says. The guest speaker will be Randy L. Bremer from the Octorara Presbyterian Church.
