

Donald J. Wain

New plant manager at Armstrong

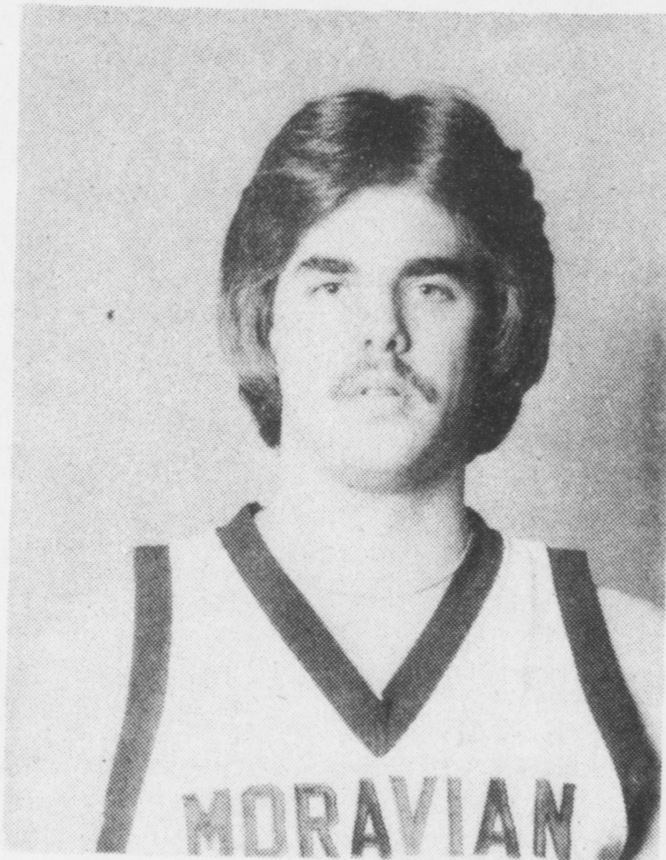

Donald J. Wain, manager of Corlon production at Armstrong's Lancaster plant, will succeed Donald H. Betty as general plant manager of the Marietta Ceiling plant on January 15th. Betty has served in Marietta since the plant opened in 1970, and he will be joining Armstrong's International Operations, in

an unannounced capacity. Mr. Wain, of 1946 Eden Road, Lancaster, is a chemical engineer. He has been with Armstrong since 1959. Before his job in Corlon production, he was in charge of maintenance and engineering at the Lancaster plant, and before that worked in employee relations.

Free blood pressure test

The Ambulance committee of Friendship Fire Co. #1 of Mount Joy, in cooperation with the American Heart Association, will sponsor blood pressure tests in the lobby of the Union National Mount Joy Bank on Friday, November 25th from 10 AM to 4 PM.

Members of the ambulance committee will be on hand to take blood pressures and to answer any questions you might have. Remember, blood pressure is a very good test of the state of your health. If it's high, you'd better know about it.

John Fellenbaum

Fellenbaum at Moravian

John Fellenbaum, a DHS grad, is expected to be a "major asset" to the Moravian College basketball team this year.

John, the son of Dr. and Mrs. Harold Fellenbaum of 30 S. Market in Mount Joy, is a sophomore at Moravian College in Bethlehem. His coach describes him as "a

steady ball-handling and shooting guard with excellent defensive capabilities. He is extremely fundamentally sound."

John was Most Valuable Player in his senior year at DHS under coach Emil Swift. He was also co-captain, All-County, and All-Section. John measures 6'2", 170 lbs.

Jaycee Week in Mount Joy

The Mount Joy Jaycees will observe National Jaycee Week during the week of January 15-21, 1978. The finale of this week-long observation will be the distinguished service award banquet, at which time a local young man will be recognized for his services to the community and his personal development, with particular emphasis on the year 1977.

The Jaycees want the people of Mount Joy to make nominations for this award. Do you know a young man whom you think deserves this honor? If so,

make a nomination to Robert Stoner, 25 N. Barbara St., Mount Joy, phone 653-4395.

Nominees must be male, between 18 and 35, and a resident of the Mount Joy area.

If you know any women or men outside the above age limits whom you think is deserving, send his or her name as well. The person will be considered for other awards, to be presented at the same banquet.

All recommendations should be received no later than January 4th.

7

the very least they could have done was to call it Mt. DonMar after the three towns, thank goodness someone denied us that name!). It didn't matter to us then that we would be having one of the best years of our lives at that new school. It didn't matter to us then that our famous 1955 basketball team would live on in history as the best basketball team to come out of that school in 23 years, when the whole town closed up and the

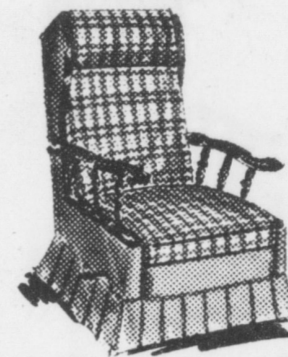

businesses would put signs in their shop windows —CLOSED, GONE TO THE GAME. No need to say what game, or where, everyone knew. It didn't matter to us then that we would be meeting people who would become our dearest friends, or that I would meet my future husband at that school, or that our teachers would be among the very best... it only mattered that we wouldn't be graduated from dear old Mount Joy.

High.

I am proud now that we were the first class to be graduated from Donegal, but that was the farthest thing from my mind at the time. Later, after I was married, my husband had a chance for a higher paid position with the company for which he was working, but it meant we would have to relocate —move! I just couldn't think of leaving Mount Joy... perish the thought! I guess he could

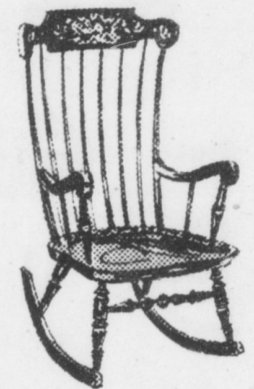

have gone and I would have stayed, that's how much I wanted to stay "home." Anyway, I really believe that HE didn't want to move either and was much relieved when I took the blame for him missing his ONE BIG CHANCE. My husband is from Marietta and he understands how much small towns can mean and the next thing you know you are on Borough Council.
