

Ray Myers — hard-boiled realist

Ray Myers

You think eggs are a yolk? Ray Myers' job is no yolk, either.

Ray delivers 3 truck loads of eggs daily over bumpy back roads, and he is a hard-boiled realist about his fragile cargo. Knowing they might crack under the strain, he takes good care of them, and his employer, Plain and Fancy Egg Ranch of E-town, reports that he hardly breaks any eggs at all. In fact, he does a "consistently outstanding job," they say.

Ray takes the driving seriously, but what he likes best is talking to the farmers on his route. He would eventually like to put more time into working more closely with them.
