

Mystery photo contest

This strange object was photographed at night.

The object in this, our latest Mystery Photo, was snapped by a staff photographer one dark night. He just happened to have his camera with him.

The photo was taken with a 50 mm. lens at a shutter speed of one sixtieth second, using Tri-X

Kodak film exposed at 400 ASA. That's all we can tell you.

If you think you know what the object is, send your guess to the **Susquehanna Times**, Box 75-A, RD1 Marietta 17547, on a postcard. Winners will be announced.

Planners will rule on Jones & Zink

The proposed agenda for the Mount Joy Planning Commission meeting to be held on Thursday, December 22, at 7:30 PM in the borough offices building, is just one item: Discuss and consider the approval of the final subdivision plan for Jones and Zink, Inc., for a two lot subdivision located on North Jacob Street.

GLAD TIDINGS
