

Woman of the Year, in person

This photo shows Deb Newcomer of the Mount Joy Joyce-ettes presenting, in person this time, the "Woman of the Year" award to Sadie Brooks. Sadie's daughter, Pat Eichler, accepted it for her at the DSA banquet, which was held while Sadie was in Florida. Sadie is now on her way to California to visit her son Wayne, a retired Air Force man. After that she will go to Michigan on March 1st, and on April 15th she plans to return to Honduras.

Sadie got the Woman of the Year award partly due to her volunteer efforts at the orphanage in Honduras. Mount Joy, spearheaded by Glossbrenner Church, sent a huge shipment of gifts and necessities down there last Christmas. They were much appreciated, and more contributions wouldn't hurt.

After listening to Sadie tell how a check's arrival saved the kids from going to bed hungry one night, the Times photographer broke down and made his first charitable donation of the year to the orphanage, c/o Sadie. Other contributions are needed, and can be mailed to the address below:

Sadie Brooks, Pan American Health Service, Box 191, San Pedro Sula, Honduras, C.A. It's a bad idea to send anything but a check this way—envelopes are opened regularly by the Honduran post office, and gifts are subject to high duties, usually over 100%. If you want to send a gift, get in touch with Mrs. Frank Eichler or Mrs. Jay Eidemiller, who can arrange to have the goods sent.

Maytown Youth Organization to meet

The following is a message from the MYO.-ed

The monthly meeting of the Maytown Youth Organization will be held on Monday, Feb. 27th, at 7:30

PM in the Maytown Legion building.

We are urging parents of children wishing to play baseball this year to attend, as we will be discussing the membership

drive and the election of officers.

Spring is approaching quickly, and as always, we will need man power and wallet power to get these kids ready to play ball.

Don't Endure It... Eliminate it!

Static electricity... the little scientific imp that shocks you every time you touch a door-knob, light switch, or someone nearby... is nature's sign that your home is suffering from lack of proper humidity. Your throat is scratchy, your nasal passages dry out, and you're plagued by dry and flaky skin and scalp.

The desert-dry air in your home also can shorten the life of plants, draperies, rugs and upholstery, and can cause loosening of joints in furniture and floors.

HERRmidifier Company, Inc.—a pioneer in humidification for nearly 30 years—offers a complete line of residential humidifiers that eliminate these and other annoying discomforts.

Call us today and let us show you how easily and inexpensively HERRmidifier can put natural freshness into your home.
