

Ruby Houck is Leader of the Year

—other awards at Girl Scout recognition night

Ruby Houck of Mount Joy has been chosen Girl Scout Leader of the Year.

Mrs. Houck was picked from all the leaders of the Donegal area by testimonial letters: girl scouts wrote letters advocating that their leaders be chosen, and judges evaluated picked the winner from the letters. Names were deleted from the letters before judging.

Donna Wetzel presented the Leader of the Year award, and a token of appreciation from neighborhood coordinator Nancy Kopp, at a ceremony last Monday night at St. Luke's Episcopal Church in Mount Joy.

Ruby Houck is a native of Canada. She has been a leader for 10 years, and now leads troop 323 of Mount Joy. She is the mother of two children, and studies at York College as an art major.

Members of troop 323 made these remarks:
 "She's always happy and nice."
 "She helps us become better people."

"She makes us feel important when we're with her."

Mrs. Wetzel said, "Because of the time and effort she has given her girls, the neighborhood is proud to make this award."
