

**FOR YOUR WALL,
FOR YOUR DEN,
FOR YOUR HALL.**

**You'll find . . .
TRENDLINE fits them ALL.**

Corny but true. The stylish and compact TRENDLINE® is designed to fit most anywhere you need it. Put a TRENDLINE in that tight nook in the kitchen or on that already too small night stand in the bedroom. A TRENDLINE would look just right under that over crowded counter or even on the wall between ma and pa's picture. And what about color? Yes, we have a great choice of colors. And not just any colors, but decorator colors like:

- Aqua Blue
- Beige
- Black
- Burnt Orange
- Cherry Red
- Cocoa Brown
- Harvest Gold
- Moss Green
- White

Call or stop-by your local business office of United Telephone today and order your favorite TRENDLINE.

U—TOUCH® push button service may not be available in all areas.
