# higher interest on Union National certificates of deposit!

**High yield short term variable rate certificates.**

Effective June 1, we have introduced a new variable rate Certificate of Deposit with which you can earn a six-month interest rate equal to the U.S. Treasury Bill rate at the time you purchase the Certificate. On June 6, for example, this rate was 7.095%. This means that savers with a minimum of \$10,000.00 can earn a higher rate of interest in a six-month period than ever before. At maturity, you have the option of renewing your Certificate at the prevailing rate, or depositing to another Union National account.

TERM	RATE	EFFECTIVE ANNUAL YEILD	MINIMUM DEPOSIT
1 year	6.00%	6.183%	\$ 500.00
2½ years	6.50%	6.715%	500.00
4 years	7.25%	7.519%	1,000.00
6 years	7.50%	7.788%	1,000.00
8 years	7.75%	8.057%	1,000.00

On all Union National Certificates of Deposits, the interest is compounded daily at the highest permitted rates. The interest earned on your Union National Certificate is paid semi-annually, or a monthly or

quarterly option is available on Certificates of \$10,000.00 or more. If you prefer, the interest earned can be added directly to your Certificate. All of the above Certificates are automatically renewable at maturity.

Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months interest is forfeited and interest on the amount withdrawn is reduced to the legal passbook rate.

## Kids hold auction Harold Keller assists

Eric Witgenstein learns to wield the auctioneer's cane from pro Harold Keller.

Mrs. Patricia Bateman's 1st grade class at Maytown Elementary School held an auction last week.

Mr. Harold Keller, a professional auctioneer, officiated and also trained several students in the fine art of his calling.

The auction terminated a month of economic activity in the class where play money was earned for duties performed and fines

were imposed for failures. During the month the students had accumulated fortunes of from \$3 to \$4 each.

Items auctioned off were manufactured by the students.

They had learned their lessons in practical economics so well, that only four students overdraw their accounts during the enthusiastic bidding.

The second place winner was David Myers; third place went to Melissa Myers; fourth place, John Bell; and fifth place, Patti Kline.
