

Announcing

higher interest on Union National certificates of deposit!

High yield short term variable rate certificates.

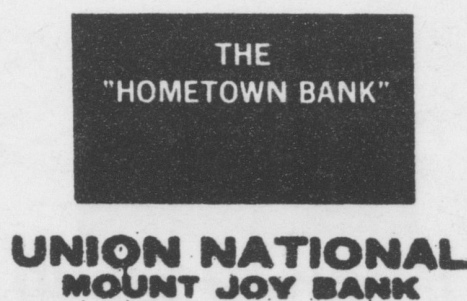

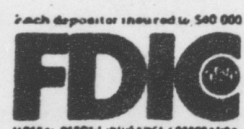

Effective June 1, we have introduced a new variable rate Certificate of Deposit with which you can earn a six-month interest rate equal to the U.S. Treasury Bill rate at the time you purchase the Certificate. On June 6, for example, this rate was 7.095%. This means that savers with a minimum of \$10,000.00 can earn a higher rate of interest in a six-month period than ever before. At maturity, you have the option of renewing your Certificate at the prevailing rate, or depositing to another Union National account.

TERM	RATE	EFFECTIVE ANNUAL YIELD	MINIMUM DEPOSIT
1 year	6.00%	6.183%	\$ 500.00
2½ years	6.50%	6.715%	500.00
4 years	7.25%	7.519%	1,000.00
6 years	7.50%	7.788%	1,000.00
8 years	7.75%	8.057%	1,000.00

On all Union National Certificates of Deposits, the interest is compounded daily at the highest permitted rates. The interest earned on your Union National Certificate is paid semi-annually, or a monthly or

quarterly option is available on Certificates of \$10,000.00 or more. If you prefer, the interest earned can be added directly to your Certificate. All of the above Certificates are automatically renewable at maturity.

Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months interest is forfeited and interest on the amount withdrawn is reduced to the legal passbook rate.
